RED LIGHT BILL OBJECT OF FIGHT

FIGHT WON FOR OPEN CANAL

Bryce's Report Said to Fore-shadow Ruling in Favor of Great Britain

President Wilson Believes It Improper to Exempt U. S. Coastwise Shipping

LONDON, April 15.—The report sent by James Bryce, British ambassador to the United States, on the results of a recent conversation with President Wilson, forebodes a favorable termination of the controversy between the two countries over the question of the Panama canal tolls.

WASHINGTON, April 15.—While President Wilson has not expressed himself publicly on the question of Panama canal tolls, he has informally indicated to his friends that he believes in an interpretation of the treaty which would make it improper for the United States to exempt its vessels in the coastwise traffic from paying tolls.

GOVERNOR HOPES TO END WALK-OUT

CHARLESTON, W. Va., April 15.—Governor Henry D. Hatfield, who, on April 5, declared he would make recommendations which he hoped would be the means of ending the strike of the coal miners in the Paint and Cabin Creek sections of Kanawha county, issued a statement last night making recommendations and reviewing conditions in the strike territory.

WILSON DIVIDE PARTY

Wilson is said to realize that the toll question might, if brought up at present, divide the Democratic majority and cause embarrassment to the tariff question, which he regards as paramount.

VICTIM OF 'MURDER' IS REPORTED FOUND

Police Find Jewelry of Joseph W. Martin, Missing in London.

LONDON, April 15.—A report was current today that Joseph W. Martin of Memphis, Tenn., who has been missing since April 2, has been found. There is, however, no confirmation.

ALLEGED REAL ESTATE FAKIR GOES TO JAIL

A. O. Keppler Accused of Obtaining \$10,000 by Bogus Land Scheme.

LOS ANGELES, April 15.—Accused of having obtained upward of \$10,000 by means of a fake real estate lottery, Andrew O. Keppler is a prisoner in the city jail today. It was said that he disposed of more than 1500 "chances" on a tract of land near Redlands, Cal., before it became known that the property belonged to another.

ARMED MEN HOLD OFF STRIKERS

Westchester County, N. Y., Is Patrolled to Prevent Repetition of Riots

One-Third of Belgium's Workmen Go Out; Tie-Up Is Complete

MAMARONECK, N. Y., April 15.—All southeastern Westchester county is being patrolled today by armed guards and deputy sheriffs to prevent a repetition of yesterday's strike riots, in which one striker was killed and a deputy mortally wounded.

CHARLESTON, W. Va., April 15.—Governor Henry D. Hatfield, who, on April 5, declared he would make recommendations which he hoped would be the means of ending the strike of the coal miners in the Paint and Cabin Creek sections of Kanawha county, issued a statement last night making recommendations and reviewing conditions in the strike territory.

MISSING GIRLS FOUND; VICTIMS OF JOY-RIDE

One Fatally Hurt and Companion Injured; Discovered in Hospital.

LOS ANGELES, April 15.—Asked to search for Olive Davis and Theresa Anderson, 14 years old girls who had been missing from home since Saturday, the police found them today in a hospital at Burbank, one with her back broken and fatally injured, and the other badly hurt.

J. F. CARLSTON TO BE REMOVED HOME

Bank President, Who Underwent Operation, to Leave Hospital Friday.

LOS ANGELES, April 15.—After a severe illness of nearly five weeks, Joseph F. Carlston, president of the Central National and Savings Bank, who successfully underwent an operation for appendicitis, will be removed from Providence hospital Friday morning to his home, 223 Thirteenth street.

THE ASSOCIATION OF AMERICAN ADVERTISERS HAS ANNOUNCED AND CERTIFIED TO THE CIRCULATION OF THE PUBLICATION. The figures of circulation contained in the Association's report only are guaranteed.

LOS ANGELES, April 15.—When Sergeant Amman and Patrolman Phillips of the Los Angeles police department brought the burglar, Harry Phillips and Marie Forester, to the city jail late last night they told of an alleged attempt on the part of their prisoners to murder them.

DOCTORS GATHER AT SESSION STARTING OF 43D CONVENTION

DR. PHILIP MILLS JONES (LEFT) AND DR. O. D. HAMLIN, SECRETARY AND PRESIDENT OF THE STATE MEDICAL SOCIETY

Physicians From All of State Convene to Discuss Business and New Methods

With over two hundred physicians from all parts of the state in attendance, the first day of the State Medical Society's three-day session in this city opened this morning in the Ivory ballroom, Hotel Oakland. Dr. H. B. Mehrman, representing Major Frank K. Mott, who was on account of business unable to be present, welcomed the delegates and visitors to the city, and President O. D. Hamlin of the society, responded, formally opening the convention.

THIS YEAR'S CONVENTION IS THE LARGEST EVER HELD IN THE forty-three years the medical society of the state of California has been in existence. Besides the house of delegates, composed of the delegates from the different county societies affiliated with the state organization, many members-at-large are in Oakland to attend the meetings, lectures and educational features of the convention. The business sessions will be held by the delegates. Dr. O. D. Hamlin, of Oakland, president of the society; Dr. Saxton Pope, first vice-president, and Dr. Philip Mills Jones, secretary, welcomed the visitors. Many of the most notable physicians of the state were present this morning when the guests registered in the lobby of the hotel, before proceeding to the ballroom.

TO PROTECT PROFESSION.

"The chief object of this society," said Dr. O. D. Hamlin, in addressing the delegates and guests at the opening of the session, "is to protect the profession and to protect the public. We must fight the quack, who casts discredit on medicine, and who victimizes the public, and to do this we must educate the people."

SCOTLAND CRITICISMS.

"In these modern times—times of turmoil and excitement, a physician has nearly to perform miracles or be accused of magic. Let us gain the people's respect by showing what we are doing for the people—not by forcing laws through the legislature."

REPUBLICAN POSTMASTERS TO CONTINUE IN OFFICE

WASHINGTON, April 15.—Postmaster General Burleson announced today that it is the administration's policy to continue all Republican postmasters now in office to the end of their terms, provided no charges are sustained against their efficiency. The policy applies to all classes of postmasters.

MRS. MARTIN, INSANE, TAKEN FROM PRISON TO ASYLUM

SAN QUENTIN, April 15.—Mrs. Isabelle J. Martin, serving a life sentence in State's prison for the murder of her husband, Superior Judge Frank Ogden in Oakland 12 years ago, was removed to the San Quentin Asylum today upon order of the prison commission. She had served less than two years of her sentence in prison having made a hard fight in the courts of insanity.

ALIEN LAND BILL NEAR PASSAGE

Flood of Votes Expected to Be Given Measure When It Comes Up Today

President Wilson and Ambassador Chinda to Confer on Situation

SACRAMENTO, April 15.—The anti-alien land ownership bill drafted by the assembly judiciary committee as a substitute for the four bills introduced, was scheduled to come up in the lower house today at 1:30 p. m. as a special order of business, and was expected to pass by an overwhelming if not unanimous vote.

CONFERENCE PLANNED.

WASHINGTON, April 15.—President Wilson arranged to meet the Japanese Ambassador, Chinda, at the White House today. It was believed the Ambassador sought the interview to convey to the President the latest views of his government on changes in the alien land laws in California since he called on Wilson two weeks ago.

FORMAL PROTEST.

TOKIO, April 15.—Japanese official circles are inclined now to the belief that the United States will have any effect in averting the projected land ownership legislation of California. As soon as the bill has passed, however, application will be made to the federal government of the United States for an extension of naturalization rights to the Japanese.

AMERICAN'S PROTEST.

American residents in Tokyo and Yokohama who are members of the Peace Society, held a meeting with the Japanese members, at which a resolution was adopted strongly urging the California legislature not to pass the land ownership bill.

ARMISTICE REPORTED IN BALKAN WARFARE

Length of Duration Varies in Dispatches Received from Constantinople.

PARIS, April 15.—A three days' armistice has been arranged between Turkey and the allied forces, according to a semi-official dispatch from Constantinople.

LAWYER IS KILLED IN DUEL WITH RELATIVE

Pistol Battle Fought on Streets of Birmingham Early Today.

BIRMINGHAM, Ala., April 15.—Roland Shugart, a lawyer, was killed and his brother-in-law, Harry Moore, was badly wounded in a pistol fight on a street in the northern part of the city, early today.

LIGHT VOTE IS BEING CAST

Women Voters to Decide Fate of Candidates in Today's Election

Indications at Noon Point to Heaviest Balloting for Miss Brown

Women voters will have decided the primary election when the polls close at 6 o'clock this evening. The indications at the various voting precincts of the city up to noon today can be taken as a criterion. About 6000 votes were cast this morning, or about one-eighth of the registered vote of the city, and it is anticipated that this will be doubled this afternoon, making a total vote of about 18,000 or 19,000. The registered vote in the city is 58,389.

HOUSEWORK IN MORNING.

"Only a few of us have voted today," explained a woman voter in North Oakland precinct. "The housework is being done this morning, but this afternoon the ladies will dress up and come out, and a heavy vote will be cast."

POLLS HEAVY VOTE.

Indications at noon today pointed to Miss Annie Florence Brown having received the largest vote.

18 MONTHS' SEARCH ENDS IN CAPTURE

Woman, Hunted for Statutory Offense, Found in Lodging House.

SAN FRANCISCO, April 15.—A woman giving the name of Mrs. Grace H. Rodgers, and who it is claimed, is the wife of Dr. J. W. Rennes, of Sparanburg, South Carolina, was arrested at a late hour last night by Detective Tom Burke and taken to the city prison. The woman was found in a lodging house on Jones street in company with her six-year-old son Orlando. She is said to be only 23 years old and is even younger.

'Wet' Wins Out in Fresno Liquor Vote

A. E. Snow Elected Mayor by Big Majority Over A. L. Hobbs.

FRESNO, April 15.—Complete returns on yesterday's wet and dry election showed that the wet vote had kept the city by a majority as follows: Drastic anti-liquor ordinance, for 3202, against 5060; liberal anti-liquor ordinance, for 2532, against 5114. The drastic ordinance provided for the abolishment of the liquor traffic except in wholesale liquor establishments. The liberal ordinance abolished saloons but allowed the sale of liquor in eating clubs and restaurants. Alta E. Snow was elected mayor by a majority of 2474 votes over his opponent, A. L. Hobbs.

STATE VOTE WILL BE ASKED

California Anti-Abatement and Referendum League Takes Action

Petitions Are Placed in Circulation in the City of San Francisco

SAN FRANCISCO, April 15.—The redlight abatement law, enacted by the legislature and signed by Governor Johnson in the intent of wiping out all segregated vice districts will be submitted to a referendum vote of the entire state, if a movement initiated here today by the California Anti-Abatement and Referendum League can obtain sufficient signatures to call for an election under the law. Otherwise the bill will become effective August 1.

BUSINESS MEN BACKERS, CLAIM.

George Appell, attorney for the league, said today that it was backed by San Francisco business men. He would not give their names, but promised that they should be made public, together with a list of officers of the league, shortly. Appell was associated formerly with Cleveland Dam, legal advisor for P. H. McCarthy, now president of the California Building Trades Council, when McCarthy, as mayor of San Francisco, ran for reelection on a platform that promised to make San Francisco the Paris of America.

MONEY FOR FIGHT.

Signatures equal in number to 1 per cent of the vote cast at the last election for governor are required to call a referendum election—in all 18,353 signatures. The league has taken offices in a downtown business building. Appell said it was plentifully supplied with money and would undertake a wide publicity and educational campaign by advertising and lectures. The data set forth would be statistical and medical.

celled the heaviest vote among the school directors. It is a practical certainty that she has qualified for the general election. Her opponent, according to those who have made a round of the polls, will probably be Dr. James B. Wood, a former member of the board of education. Mrs. Emma Gilbert, the Socialist candidate, also received a good vote and the fight for second place between her and Dr. Wood will be close. In all probability R. B. Rovey is the other candidate for this place.

In the commissionerships and the city auditorship, interest has centered in the fight being made by William J. Baccus, commissioner of streets, for re-election. Baccus is the only one who has a light on his hands outside of the school director fight.

CONCEDED MAJORITY

Commissioner Harry S. Anderson is conceded a heavy majority for commissioner No. 1, and George Gross is given a big majority for city auditor. Anderson and Gross have only one opponent each, and were it not for the provision of the new city charter which makes it necessary for the two highest for each office to run again at the general election, even if one candidate receives a clear and decisive majority of all votes cast, Anderson and Gross would have been elected today.

Anderson and Gross although they received a full majority, will have to run again May 6. Their opponents will be the same as last year. William F. Barb opposing Gross and C. Alward Tabor opposing Anderson. The two opposition candidates are Socialists.

Baccus' fight for re-election has been complicated by the fact that several candidates have entered the field against him. Mrs. Frances M. Hall has made a campaign of considerable publicity, using electric signs and other methods drawing the attention of the public to her candidacy. Baccus' splendid record as commissioner of streets has stood him in good stead, however.

SOCIALIST OPPONENT

It is prognosticated that Baccus' opponent in the general election will be Cochran McCarron, the Socialist candidate. McCarron has the entire Socialist vote behind him, and has also an independent endorsement. The fight for second place is between McCarron and Mrs. Hall, and it is thought that despite the fact that many women will vote for Mrs. Hall merely because she is a woman candidate, that McCarron will qualify as Baccus' opponent. The remaining candidate is Adolph Mitchell.

Baccus and Anderson, and Gross are running strong in West Oakland, but the vote has not been heavy in that section of the city. In East Oakland Anderson and Gross have run strong, but in the Diamond district a large number of voters have come out against Baccus and Anderson because of the recent saloon troubles in that section and in Upper Fruitvale.

FOR ADMINISTRATION

In North Oakland the voting is said to be going for the administration ticket, with Anderson, Gross and Baccus as the favorites.

In the school directors' fight outside that being made for Miss Brown for school director No. 1, great interest is being taken in the candidacy of Matthew F. Brimmer for No. 2 and that of C. D. Rogers for No. 3. Brimmer and Rogers will almost surely qualify for these two directorships.

The fight on school director No. 2 on the ballot will be between Mrs. Harriet Hawes and W. D. Dwyer, the Socialist, as to which shall qualify. The Socialist is assured of the full vote of his ticket, but Mrs. Hawes has a strong backing from the women's clubs.

In the school director No. 3 fight F. B. Cook, present incumbent on the board of education, and Mrs. Agnes Ray are making a fight to qualify, against C. D. Rogers, who promises to poll a high vote for this office. The three will run close when the votes are counted, and the close fight among them may give Wilson Person, the Socialist, a slight chance to qualify.

BIDS GOVERNOR AND SOLONS TO BENEFIT

REV. JOSEPH P. McQUAIDE.

The following invitation was sent today to Governor Hiram W. Johnson and to the members of the State Legislature, to be present at the Maine monument benefit at Shell Mound Park on Saturday, April 26, by Department Commander R. A. Forsterer:

His Excellency, Hiram W. Johnson, Governor of the State of California, Sacramento, Cal.—Dear Sir: There will be unveiled in New York City on the approaching Memorial day the National Maine Monument, a testimonial from the nation to the soldiers and sailors of the Spanish-American war, and more particularly to those brave men who went down with that ill-fated ship in Havana harbor.

A movement has been undertaken throughout the United States to defray the expense entailed by the completion of the monument. And the United Spanish War Veterans of California and their friends have planned a monster gathering at Shell Mound Park for the afternoon and evening of April 26, 1918, to which I, in my capacity as department commander, invite you to be present.

I would also state that there is a three-fold object to this gathering:

Primarily it is to assist in raising money to aid in the completion of the national Maine monument.

Secondly, it is to concentrate attention upon the efforts that the United Spanish War Veterans are now making to bring their national encampment to the city of San Francisco in 1918.

Thirdly, the United Spanish War Veterans wish to have this opportunity to express to you and the members of the legislature, through their representatives, the pressing need there is for the immediate passage of certain bills now before the legislature and for your approval thereof.

I ask you to remember that this movement is public in its character, its interests and its welfare. And while it is planned under the auspices of the United Spanish War Veterans we are, as we always have been in the past, the simple representatives of the people and the nation. Very truly yours,

B. A. FORSTERER,
Department Commander.

DOCTORS MEET IN BIG CONVENTION

State Medical Society Opens Three Day Session in Oakland.

(Continued From Page 1)

do good, we must not seek to do it through legislation. We must show the people our aims and motives and then if they cannot, by laws they themselves pass with the physicians as an advisory board, it will be time for us to take action ourselves.

This morning's session was taken up with the reading of reports from committees of the convention. Legislation work of the state board of medical board of examiners and arrangements for the three days' session were discussed by chairmen of the various committees. In the afternoon two events were started "A symposium on the gall bladder," and a meeting of the eye, ear, nose and throat section, which members of the American Laryngological, Rhinological and Otolaryngological Society met, with Dr. Hill Hastings in the chair.

TELLS OF LEGISLATION.
One of the principal committee reports of the morning session was made by Dr. George C. Tucker, of Riverside, chairman of the public policy and legislation committee.

"There are some twenty-five bills," said Dr. Tucker, "now before the legislature bearing on the practice of medicine. Some of these favor legitimate practice, and some do not. Of these bills all are in committee save two, which were placed before the legislature under pressure with a very strong recommendation that they be not passed. They have no backing. These are the bills providing for three certificates, regular medicine, one for drugless healing, such as the so-called mechanical healers, and one for Christian Scientists. This bill will undoubtedly fail. Another is for a special chiropractic board. This, too, will not be passed. The only advantage to be gained at this hearing is that it will compel all so-called divine healers to have at least a high school education. This educational requirement will also apply to the so-called "Chiro practice doctors."

"Another good proposition will be the reciprocity act, whereby doctors licensed regularly in other states, provided the requirements are like ours, will be licensed here."

The work of the board of medical examiners, troubles encountered by them, and the means of bettering the standard of physicians was discussed by Dr. George F. Rheinhardt, who urged several reforms, and declared that, under the present system, it was impossible for the regular candidate when up for examination to have any way of telling which is which. It all passes about as well, and that shows how easily knowledge may be gleaned from books for an examination. Until we standardize our work we will be unable to keep many undesirable physicians from practicing.

"The board is in a peculiar position. It does not represent the so-called medical public, and it does not represent the public. All it does is examine students and pass or fail them. The examinations are not given properly. We have even been compelled to give up microscopic work, not having enough microscopes. Many cases from class B and Class C

colleges, some of them of the most inferior, are examined. Some pass the present written examinations are absolutely inefficient. Until we get a different type of board we cannot better the medical profession in California."

Other speakers at the morning session were Dr. N. K. Foster, of Oakland, Dr. E. N. Ewer, chairman of the committee on arrangements, and Dr. George Kress of Monrovia.

LONG PROGRAM.
The program for the afternoon included the following talks:

SYMPOSIUM ON GALL BLADDER.
10. Cholelithiasis—Its Pathology—Prof. Wm. Ophus (San Francisco).
11. Symptomatic of Gall Bladder Diseases—Dr. H. C. Moffitt (San Francisco).
12. Unusual Clinical Features Associated with Gall Bladder Disease—Dr. C. M. Cooper (San Francisco).
13. Functional Complications in Gall Bladder Disease—Dr. Leo Elsoesser (San Francisco).
14. Chronic Diseases of the Gall Bladder and Appendix as Etiologic Factors in the Production of Digestive Symptoms—Dr. W. Francis B. Wakefield (San Francisco).
15. Medical Treatment of Gall Bladder Diseases—Dr. Dudley Fulton (Los Angeles).
16. Surgical Treatment of Gall Bladder Diseases—Dr. W. I. Terry (San Francisco).

EYE, EAR, NOSE AND THROAT SECTION.
Joint session of the American Laryngological, Rhinological and Otolaryngological Society and of the Eye, Ear, Nose and Throat Section of the State Society—Dr. Hill Hastings in the chair.

CHAIKMAN'S ADDRESS.
17. Labyrinthine Disease—Non-Suppurative Tuberculosis of the Middle Ear—Dr. H. B. Graham (San Francisco).
18. Tonsillotomy in the Upright Position under Ether—Dr. W. H. Roberts (Pasadena).
19. Relation of the Nasal Septum to the Syndrome of Pheno-Palatal Ganglion Neurosis—Dr. J. J. Kyle (Los Angeles).

21. Mucocoele of the Frontal Sinus—Dr. Geo. McCoy (Los Angeles).

MEDICAL DISPLAY.
In the small banquet room of the mezzanine floor one of the most novel displays of surgical appliances, serums, instruments and appliances ever seen in Oakland, is on exhibit. "Good medical inventions," and many products of local firms are included. Various companies have furnished goods for the display.

Assistant Secretary Of State Is Named
WASHINGTON, April 15.—President Wilson nominated today former Governor John E. Osborne of Wyoming to be first assistant secretary of state. Walter H. Page of New York to be assistant secretary of state. H. Osborn of Greensboro, N. C., to be commissioner of internal revenue. H. Snowden Marshall to be United States attorney for the southern district of New York and Samuel Butler of Sacramento to be receiver of public moneys.

SUICIDE OF BEAUTY REMAINS MYSTERY
SAN FRANCISCO, April 15.—Public Administrator Hynes today filed a report of the value of the property left by Olga Temochikoff, the young fiancée of Isaac Urham at the St. Francis hotel last Friday. The estate consists of \$1000 in money in a local bank and Hynes declared that he found among the dead woman's effects nothing to indicate why she committed suicide.

Spring-sick, spring-tired, spring-languid, no appetite, dull, weak, debilitated—all these terms refer to the condition of thousands of people this spring. The mild, unhealthy winter, allowing the spread of disease germs, the unusual prevalence of prostrating fevers and other diseases, have all contributed to make the blood poor, thin and lacking in vitality. A spring medicine is absolutely necessary for the restoration of good health, normal strength, perfect digestion and pure blood. Hood's Sarsaparilla is the perfect spring medicine—meets every requirement; has a record of a third of a century of successful use. Buy a bottle and begin to take it today.

denies that 15 men were killed, and says that a bookkeeper and a mine guard were the only persons who lost their lives.

GOVERNOR RECOMMENDS.

The recommendations of the governor follow:

First, that the operators concede to the miners the right to select a check weighman from among their number when a majority demand it.

Second, that a nine-hour work day be conceded to the miners by the operators. In defining a nine-hour working day, the governor declares that it "means a nine hours of actual service by the employee to the employer at the same scale of wages now paid."

Third, that no discrimination be made against any miner, and if he elects, he may purchase the supplies for the maintenance of his family wherever it suits him best.

Fourth, that the operators grant a semi-monthly pay day.

Death Threats in Painters' Letters
CHICAGO, April 15.—Letters threatening death and destruction were received today at the headquarters of the contracting painters who declared for an open shop on Saturday when striking painters refused to accept their compromise offer. One letter concluded: "Sign up or we will blow you up."

Another read: "You are riding around in automobiles while we are starving."

The residence of A. Ladegaard, in course of construction, was damaged to the extent of \$1000 last night by vandals. Ladegaard is a "boss" painter.

The contractors assert 3000 union men have accepted their offer of an increase in pay of 5 cents an hour. They will appear to Mayor Harrison for protection for these men. All paint shops have been picketed.

Third of Workmen in Belgium Strike
BRUSSELS, Belgium, April 15.—More than a third of the total number of workmen in Belgium were on

strike this morning. Figures gathered by the Associated Press from all the provinces except Antwerp and West Flanders showed a total of 256,000 strikers.

In Antwerp and West Flanders, where the Socialists are weakest, there were about 14,000 strikers, making in all 270,000 men. The figures vary somewhat from the Socialist estimate of 350,000 men and the government estimate of 130,000.

VIOLENCE IS LACKING.
There has been no violence and tranquility is reported everywhere today. Only four men have been arrested thus far for interfering with non-strikers. The strike leaders insist that the strike shall be one of "folded arms and not raised fists."

The strike is intended by the Socialists as a protest against the system of plural voting which effectually prevents them from obtaining a majority at the polls and which has permitted the clerical party to remain in power for the last two years.

STRIKE ONLY PARTIAL.
ANTWERP, Belgium, April 15.—Work was more general in the northern sections of this seaport today. In other parts of the city the situation was unchanged, the strike generally being only partial.

TRAINS HALF EMPTY.
BRUSSELS, Belgium, April 15.—The suspension of work in the manufacturing suburbs of the Belgian capital was today on about the same scale as yesterday. The usually crowded workmen's trains in the early morning ran half empty today.

Titanic Memorial Dedicated by Bishop

NEW YORK, April 15.—Today the anniversary of the sinking of the Titanic, ship prominent in church, business and shipping circles assembled at the Seamen's Church Institute on the lower water front, to dedicate the Titanic memorial lighthouse tower, erected to the memory of the men and women who went down with the ship. It stands on the corner of the institute building overlooking the harbor and can be observed at a range of 12 miles. It will be chartered by the government and a time ball will drop on the hour at noon daily for the convenience of the masters in adjusting ship's chronometers.

The dedication ceremonies consisted of brief addresses by Bishop David H. Greer and others.

74-Mile Speed Fatal For Reckless Autoists
KILANNREY, N. J., April 15.—Seventy-four miles an hour was the point at which the needle of a speedometer stood fixed when an automobile was found overturned near her last night with its owner and another man beneath it, both seemingly slain. The crew of a passing trolley car dragged the unconscious men from beneath the machine and took them to a hospital where the owner, William A. Kelly, a civil engineer of Bloomfield, died of his injuries. The other man, Richard Burns of New York, is also likely to die.

The car, a two-seated racer of French make, had evidently struck a bad place in the road while going at terrific speed. The car was wrecked.

FINED FOR BEATING CHINESE SCHOOLBOY
SAN FRANCISCO, April 15.—Walter Castor, son of Patrolman Charles Castor, who was killed at the ferry building 18 months ago, was fined \$200 by Police Judge Shortall today for beating Han Yan, a 16-year-old Chinese school boy of Oakland. Han took the witness stand this morning and testified against the accused. His face was almost unrecognizable from bruises and scars.

Aviator Drowned in Hydro-Aero Flight
NICE, France, April 15.—Louis Gaudart, a well-known French aviator, was drowned while making a flight in a hydro-aeroplane here this morning. Gaudart was skimming the sea in his machine in front of the pigeon shooting ground, where a large number of spectators were admiring his evolutions. The hydro-aeroplane lost its equilibrium, the left wing cut the water, the apparatus tilted and plunged into the depths. Gaudart's body was recovered by divers this afternoon. His hands were still gripping the steering wheel.

Work to raise the debt on the Maine monument promises to be a pleaser. The memory of the catastrophe is almost as much alive today as it was on the day that the news was flashed around the world in 1898.

Raising of the grand old battleship from the mud of Havana harbor made possible the distribution of mementoes to every quarter of the United States. Every camp of the Spanish War Veterans has been supplied with a cartridge, a deck cleat, a piece of ordnance or some memento of that event. In Golden Gate Park Museum has recently been placed on exhibition a deck cleat presented to Nelson A. Miles Camp, U. S. W. V., No. 10, and loaned by the camp to the museum.

In Oakland recently a piece of torpedo tubing was dedicated at Lakeside Park to the memory of the men who went to their death in a foreign war. It was made the occasion of a tremendous outpouring of people on the shores of Lake Merritt. Department Commander B. A. Forsterer, U. S. W. V., Father Joseph McQuaide and other leading spirits in the councils of the United Spanish War Veterans gave eloquent expression to the memory of that event.

RESPONSE IS READY.
So when the announcement was made yesterday by the Examiner and THE OAKLAND TRIBUNE that funds were needed to complete the payment for the monument that is to be unveiled in New York on Memorial Day, it met with sympathetic response. Time sufficient to hear from the appeal sent out by Department Commander Forsterer had not yet elapsed but the response is as certain as though it had already been received.

Father McQuaide, chaplain of the Philippine War, when he saw the article yesterday, said: "Command me in any way that I can be useful towards raising the necessary money."

Continuing, Father McQuaide said: "It matters little to me from which side the Maine was blown up. It resulted in a catastrophe followed by a war. We have forgotten how or by whom it was done, but we keep green the memory of the men who responded to their country's call, many of whom have never returned."

"Under the water of Havana harbor lie the remains of our comrades; out in the far away Philippines lie many more in the towns of every city of this country, and men who show the result of that conflict. To discuss the pros and cons of the origin of the war is futile."

"For these reasons I believe that the erection of the finest monument possible to the memory of those men is a good thing. Naturally it should be paid for. And California will certainly respond to the call. She responded with the best of her sons when the call to arms was made and she will respond as liberally when it comes to paying for a monument to their memory."

'NOAH'S ARK' PROPOSED AS ALAMEDA'S EXHIBIT

Specimens to Constitute Nucleus for Oakland Museum After Fair

The Alameda county exposition commissioners and the Alameda county supervisors held a joint meeting yesterday, first to listen to a presentation by Samuel Hubbard, of this city, of his plan for a "Noah's Ark" to be placed by Alameda county at the Panama-Pacific Exposition in San Francisco, and, second, to discuss general ways and means for all exposition matters for Alameda county. The meeting was presided over by Mayor Frank K. Mott, chairman of the commission, and was attended by Supervisors Murphy, Foss and Bridge.

The result of the meeting was that the supervisors will inspect the exhibit at Berkeley, upon which it is proposed to model the Alameda county exhibit on Monday next, and a meeting will be held sometime during the week of the commission and the supervisors, when it will be decided how much money is to be used by Alameda for both fairs in 1915 and how that money will be apportioned. The exposition commission will then be instructed to proceed and work out their plans for the participation.

IMPORTANT MEETING.

This meeting will be very important, as upon it will depend the whole plan of participation by Alameda county in the fairs of 1915. It seems to be the general idea of all that the resources of the county should be husbanded for 1915 and expended at that time. It is not beyond the range of possibility that a large exhibit will be prepared for and maintained right in Oakland during that year. It is the general desire of the county officials, both supervisors and commissioners, to expend the money that will be raised for exhibit purposes during 1915 in such a manner that something will be left after the fair will be over that can be returned to this side of the bay for exhibit or museum purposes.

The commission has already recommended participation at San Diego to the extent of \$50,000, to be used for a joint exhibit with the counties of Santa Clara, Contra Costa and Monterey. Santa Clara promises \$25,000 for such an exhibit, Contra Costa \$15,000 and Monterey \$10,000. This question will be settled at that time and the whole exposition question will be threshed out.

Samuel Hubbard, who suggested the animal exhibit, was present at the meeting yesterday and presented plans, sketches and estimates for his display. He explained the matter saying:

"The directors of the Panama-Pacific Exposition have made no provision for a forest, game and fish exhibit and visitors will want to see some of the wild products of the great west in some form other than as food and industrial products. But my principal idea is to build the nucleus of a museum that can be returned to Oakland after the fair is over. Our game animals and birds are rapidly becoming extinct and such an exhibit as I propose would become immensely valuable in after years. We have an opportunity now to obtain the specimens and we have an opportunity to secure the services of John Fowler of the University of California and formerly connected with the American Museum of Natural History in New York, to preserve them. These opportunities will soon pass.

"I propose about thirty groups of animals and birds, each animal group to consist of four to six specimens and the birds to be in sufficient numbers to show all kinds of plumage and all varieties. These groups will cost from \$1000 to \$5000 each and will be carried in cases averaging 20 feet long, 15 feet deep and 20 feet high. Some of the bird groups will be thirty feet long. All specimens will be mounted upon rocks, and trees to represent faithfully their natural habitat and there will be an oil painting for a background that will carry out the idea of their natural surroundings in perspective.

ANIMAL GROUPS.

There would be groups of grizzly bear, several kinds of deer that are fast disappearing, mountain lions, coyotes, small field animals, beaver and the like. It may be interesting to know that the old lake that once occupied the Pleasanton end of the Livermore valley was full of a variety of beaver, many of which are now extinct in California. The game birds would be a particularly fine group and would consist of about fifty specimens.

"By housing these in a building to represent Noah's Ark attention could be attracted everywhere and there would be plenty of room for an industrial and agricultural exhibit, lecture rooms, moving pictures and the like in addition. Such an exhibit as I propose could be kept after the fair and returned to Oakland and would be a magnificent attraction to call attention to our industrial and agricultural exhibit. The cost would be less than \$100,000, and that value would always remain."

WASHINGTON CREW SHOWS WELL IN PRACTICE SPIN

Northerners Try Out on Estuary; U. C. Coach Faces Problem

Coach Hiram Conbear, who is handling the Washington varsity eight which will be one of the principals in the annual triangular race between the California and Stanford universities, Saturday on the local estuary, sent his proteges out this morning over a course on the inner harbor in their second practice spin on local waters.

The northerners got away from the starting point off the foot of Fifth avenue shortly after 9:30 o'clock and ran to a position several hundred feet near the Park street bridge returning, and running out past the Webster street bridge.

Evidently the northerners' profit by

their rest last night for they showed up in better form than in yesterday's workout which was their first appearance here. A number of followers watched the workout this morning and all agreed that the Washington boys will prove formidable contestants in the coming race.

NORTHERN CREW STRONG.

The northern crew is a strong one. This much is agreed by all who have seen them in action. They are well balanced and work together like oiled mechanism. When in the water, their shell is on as even a keel as possible and this fact will tend to strengthen their chances for winning the regatta. Notwithstanding that Coach Conbear put them through a fast pace this morning they were almost as fresh when they returned to the starting point as when they left.

The men whom Coach Conbear has picked to bear the colors of the Northern University are: Taylor, bow; Franklin, No. 2; Bonney, No. 3; A. Campbell, No. 4; Walske, No. 5; Hutton, No. 6; A. C. Campbell, No. 7; Captain Ed Waller, stroke and Schwabian, coxswain.

PERPLEXING SITUATION.

Captain Eaton of California faces a rather perplexing situation in the fact that there are more men out for positions on the eight than there is room for. The fight for a place on the squad has become so even that it is almost impossible to decide who will be picked for the several positions. However, it is expected that with the exception of slide No. 5 the other sweeps will find the following in place for the big regatta: Sutton, bow; Young, No. 2; Merritt, No. 3; Hallner, No. 4; Williams, No. 5; Shaw, No. 6; Georgeason, No. 7; and Eaton, stroke. Williams and Denman are making a close battle for slide No. 6 and their records look about equal. However, there is a possibility that Coach Eaton may pick an altogether different crew.

The California candidates have shown up well in the trial runs which are daily being made on the estuary and appear to have an advantage over their other opponents in that they will be going over a perfectly familiar course.

WORKS OUT AT REDWOOD.

The Stanford crews are working out at Redwood. Coach O'Dea is a believer in strenuous action and has them go at top speed during every workout. The men are all in good condition and have mastered the new style of stroke of Cornell introduced by O'Dea to a point of perfection. O'Dea is enthusiastic over the squad's workouts and expects to duplicate the win of last year when Stanford crossed the line first with Washington, a close second and California trailing several lengths in the rear. O'Dea says that this year's Cardinal shell crew is as strong a crew of last year which will certainly mean that Stanford will finish close to the front.

The Stanford eight follows: J. S. Jeffers, bow; P. P. Clover, No. 2; E. E. Rehn, No. 3; G. E. Haggart, No. 4; R. F. Daryea, No. 5; G. C. Jacomini, No. 6; I. Hukman, No. 7; and L. P. Reinman, coxswain. Substitutes, R. R. Blase, J. S. Grepe and G. C. Branner.

ALL HAVE NEW SHELLS.

The three varsity eights all have new shells built especially for Saturday's race. They are built identically on the same lines. California's shell, the Golden Bear, and Washington's shell, Rogers, though constructed in Seattle are built on English lines from English designs by an English builder, A. F. Pocock, formerly the builder of shells for the college of Eton. The Stanford shell was built in England.

Preceding the varsity 2-mile race the freshmen eights of Stanford and California universities will meet.

In order that a few of the race may be had by spectators during the entire progress of the shells, a special train will leave the Western Pacific depot and will run parallel along the Oakland side of the estuary with the race course. Only accommodation on the side of the train facing the course will be sold. In order that all who purchase tickets may get an unobstructed view of the proceedings, the train will be similar to those run at meetings between Harvard and Yale.

FUNERAL OF GIRL SUICIDE IS HELD

Late Miss Temovich's Lover is Mourner at Obsequies.

SAN FRANCISCO, April 15.—The funeral of Miss Olga Temovich, the beautiful Russian girl who killed herself in her apartment at the St. Francis Hotel last Friday night, was held this afternoon from an undertaking chapel. Isaac Upham, her sweetheart, was the chief mourner. Upham has been so prostrated since the death of the young woman that he has denied himself to all callers, and has remained secluded at the Bohemian Club. The arrangements were made by Charles S. Tripler, secretary of the Van Arsdale-Harris Lumber Company, a close friend of Upham. The latter, with Mrs. Fred Mortidge of Vancouver, B. C., herself the bride of a week and sister of the dead girl, attended the ceremonies. Tripler and a few other friends of Upham were also present. The services were under the auspices of the Russian Church. The body was cremated at Cypress Lawn Cemetery.

HOSPITAL STAFF TENDERS BANQUET

Outgoing Physicians of Merritt
Greet Newcomers at the
Hotel Oakland.

A banquet was tendered at the Hotel Oakland last night by the outgoing staff of the Merritt Hospital to the new staff, which has been recently appointed. Dr. Hubert N. Rowell of Berkeley acted as toastmaster, and managed to impart a slight spirit of levity to the occasion, despite some of the heavy and professional subjects handled by the speakers.

W. T. Poley responded to the toast to the trustees of the Merritt Hospital. The subjects of the evening were "Treatment of the Dying Poor," Dr. W. A. Clark, "Evolution of the Assistant," Dr. Charles Dukes, "Factual Medication," Dr. Mark Louis Emerson, "The Consultant," Dr. H. A. Hindrance, Dr. O. D. Hamilton, "Evolution of the Hospital," Dr. R. W. Huntington, and "The Advantages of General Practice as a Preliminary to Specialism," Dr. B. J. Overend.

Judge W. E. gave the doctors the benefit of his long experience with the law in speaking on "The Medical Expert in Court--His Weakness and His Strength."

The outgoing staff of the hospital was composed of Drs. H. I. Shuey, J. C. Ackley, B. A. Hunter, H. Kohlmeier, G. E. Brinkner, W. S. Porter, C. A. Dukes, A. H. Pratt, J. W. Legault, R. O. Baldwin, H. N. Rowell, B. J. Boyes, W. Beckwith, J. H. Todd, Mrs. Knox.

LATE NEWS FROM RICHMOND

FLY-SWATTING TO BE POPULAR SPRING EXERCISE

DR. C. R. BLAKE.

RICHMOND, April 15.—Health Commissioner C. R. Blake is up in arms against the pesky house fly. He has been receiving many complaints this spring at the unusual prevalence of the fly plague in Richmond and as a result will make an effort to have the city council provide street fly traps. The doctor is also after the livery stables and is determined to enforce the provisions of the new ordinance to the letter.

Flies breeding fifth, he admonishes, and in order to control the pest the people of Richmond will have to co-operate with the health department if they wish to have relief. The people of the city will be called upon to look after their garbage disposal and see to it that their garbage cans are kept closed with a tight cover so that the flies will not be able to deposit their ova in the garbage.

Commissioner Blake gave money prizes last summer to the school children who would swat the most flies, and the number of dead flies turned over to the committee was approximately a million. It was a marvel as a fly-swatting campaign and attracted a large number of large flytraps will be placed about the city and citizens will be urged to use smaller ones in their dwellings.

Another of the health commissioner's accomplishments has been the providing of pure milk.

NURSES GRADUATED BY ABBOTT HOSPITAL

RICHMOND, April 15.—The Misses Rita Staften, Jennie Escala and Stella Bottaro, who have just completed their three years' course as nurses at Abbott hospital, received their diplomas Saturday evening at the commencement exercises of the Abbott nurse school, held at Fraternal hall. The hall was filled with relatives, friends and acquaintances of the graduates.

The exercises were opened by an invocation by Rev. Father B. J. Sullivan. Dr. C. R. Blake, who acted as master of ceremonies, delivered an address of welcome in which he touched on the work of the hospital, its history and the work hoped to be accomplished in the future. Miss C. R. Blake sang a solo after which Dr. A. W. Morton of San Francisco was introduced as the speaker of the evening. He spoke of the work of the nurses and what was expected of them now that they had entered the profession.

A selection by the orchestra was rendered and Dr. U. S. Abbott presented the graduates with their diplomas and Miss Thea Hauke, chief nurse of the hospital, presented each nurse with the emblematic pin of the hospital. The orchestra was led by Dr. A. L. Martin.

RICHMOND MASONIC ORDERS TO PLAY WHIST

RICHMOND, April 15.—Miramar Chapter, O. E. S., will hold a whist tournament in Fraternal hall next Tuesday evening. All arrangements have been completed and it promises to be one of the biggest events of the season.

The affair will be strictly an invitational one, and 500 friends and members of the Masonic lodge of this city have been invited to attend.

An elaborate banquet will be served. A first-class orchestra has been provided for those who wish to dance. Both the large and small halls will be in use during the evening. Nine prizes will be given.

NEW ARC LIGHTS FOR SAN PABLO STREETS

SAN PABLO, April 15.—Manager C. M. Brewer of the Western States Gas and Electric Company has ordered a number of new arc lighting poles and men are at work planting poles and stringing wires, not only for these new arc lights but also for many orders for incandescents for family use in the many new houses that have been erected in that section this spring. The lights will be put in by the county board of supervisors and the job will be attended to at once, which will be a great convenience to San Pablo, which is now building and improving rapidly.

APPRAISERS APPOINTED.

RICHMOND, April 15.—Public Administrator C. E. Daley of Martinez, was in town yesterday settling the estates of late Catherine Reiser and Ernest Robert Reiser, both in the San Pablo district. The Reiser heirs have been located in Ireland, and those of Reiser, that can be found, are in Germany. F. C. Schram and W. H. Conn have been appointed appraisers of the estates.

RICHMOND CITY COUNCIL MEETS

Committee to Confer With the
Santa Fe on Highway and
Tunnel Project.

RICHMOND, April 15.—Councilman D. T. Gurnea and City Attorney D. T. Hall were named last night at the regular meeting of the city council to go to Los Angeles to confer with the Santa Fe on the project of a highway and tunnel through the hills on the west side much of what passes over the railroad company's land and to make such terms as they could in regard to it, obtaining if possible the necessity of going into court with condemnation proceedings.

The city is anxious to begin work on the big highway and tunnel as soon as possible, for which bonds were voted some time ago and the cash now on hand amounts to \$100,000. It is believed the committee named can come to an agreement with the Santa Fe on the price to be paid for the lands necessary for the project.

It was removed some time ago that the railroad would enclose the city from digging the big municipal tunnel as planned for the reason that it parallels the tunnel of the railroad leading to its ferry mole and wharf and the blasting out of the one might interfere with the other, but it is not likely that anything of the sort will come up as the two tunnels will be far enough away to obviate any danger of that character.

CHARTER AMENDMENT.

City Attorney Hall reported that a wire from Senator Owens stated that the charter amendment adopted by the people has been introduced in the legislature.

The council authorized Hall to go to Sacramento and assist in getting the measure passed.

Councilman Hartnett called the attention of the council to the fact that the fiscal year is drawing to a close and urged that all city departments economize as much as possible so that the city funds will last through the rest of the fiscal year.

McDuff urged that a light be established on Cutting boulevard near the offices of the Richmond Navigation company. The matter was referred to the light committee.

The People's Water Company reported that they would lay mains in Chandler avenue and Twelfth street and provide the residents of those streets with water.

Contra Costa Line to
Organize Body.

RICHMOND, April 15.—A mass meeting will be held at the realty office of Chris Chapman next Sunday afternoon at which all the citizens of the Alameda-Contra Costa county line sections have been invited to attend for the purpose of organizing a strong boost body and local improvement club.

It is estimated that fully 2000 citizens reside now between Rust and Stege, taking in all the county line section. The purpose of the "get together" meeting is to perfect an organization that will look after the general welfare and up-building of that territory. Some years ago there was such an organization, but with the growth of late years the new residents did not join and show no interest, with the result that many things which could have been done for the district have been left undone.

It is a rich and populous section now, dividing its trade in a general way between Richmond and Oakland, and it is now planned to get better fire and police protection, more and better electric light service, sewers, streets and other improvements, and at the same time to promote a neighborly good feeling.

Among those prominent in the movement are Messrs. Burket, McConnors, Chapman, Bailey, Martinez, Meyers, White, Lucas, Evans, Barker, Davis, Curry, Huber, Fletcher, Burnside, Smith, Massick, Cressy, Group, Lopez, McClure, Merrill, Elgry, Scott, Bert, Gray, Klase, Hawkins, McCauley, Lipp, Campbell, Vinson, Rosenstrom and Battly.

ROBBED BY HOODLUMS.

SAN FRANCISCO, April 15.—Peter Castro of 1806 Geary street was surrounded by a gang of hoodlums on Avery place at 2 a. m. and robbed of \$4.50. There were five men in the band and Castro did not see them in the darkness until he was attacked.

Reduced by Grip— Gains 29 Pounds

"In the Winter of 1890 I had Grip, which left me with a bad cough. For a year I was in poor health, having no energy or ambition. Some one told me to try Duffy's Pure Malt Whiskey. I gained 8 pounds while taking the first bottle. I took 8 bottles and increased in weight from 111 to 140 pounds. When I stopped I did not lose any weight and my health was splendid. We now use it as the family remedy. I have recommended it all these years. If taken as a medicine as directed it will do all that you claim for it—renew, build up, strengthen."—H. C. Sale—150 Women's Suits At \$25 Each Worth Much More

About a month ago we made a similar wonderful purchase of high-class Suits, and that occasion was a memorable one to the women who profited by it, and the sale starting tomorrow morning will be equally so.

This splendid collection arrived yesterday from one of New York's best wholesale tailoring establishments—sold to us at a lowered price because this is the end of the wholesaler's season—while the Suits are the same as are being sold every day at greater prices.

The Materials
Are:
French Serges, Bedford Cords, Eponge, Worsteds and Poplin Silks.

The Colors
Are:
Black and White, Copenhagen, Navy, White, Nell Rose and Gray.

The styles include the new cutaway blouse or straight front styles, as well as plenty of the plainer tailored models. All sizes from 13 years for misses to 51 bust measure for stout women.

Third Sale Extraordinary of Fifty Dozen House Aprons

Never were Aprons more enthusiastically received than these splendid allover styles at this little price. At two previous sales of the same large quantity in each instance, not one remained at the close of the sale day.

So certain were we that history would again repeat itself that we again duplicated our order. They are here and will be a great feature for tomorrow's selling.

Made of good, serviceable material with kimono sleeves, round neck, big patch pocket and red piping like illustration.

Your choice of small or large polka dots, white and blue checks, blue, gray or black stripes and solid color of Yale blue.

BERKELEY GIRL IS ACCUSED BY POLICE

BERKELEY, April 15.—Arrested in San Diego at the request of the local police department, 37-year-old Juliet Bernadon of this city has been turned over to the justice of the court by Judge Meier, following a suspicion of complicity in the alleged passing of fictitious checks here by Mrs. Mary Lawrence, a woman with whom she had been familiar. Each of the checks passed was for \$14, and Miss Bernadon was with the woman on several occasions when the checks, later found stolen, were passed. Mrs. Bernadon went to San Diego with Mrs. Lawrence, during work there as a domestic. Local merchants who received the fictitious checks were the Golden West Market, Sixth and Delaware streets, Charles Hadley, grocer, 444 University avenue, and J. L. Wilbur, 208 San Pablo avenue.

MRS. MATHEWS CALLED BY DEATH

Aged Woman Was Active Charity Worker and Oakland Pioneer.

Mrs. Mary Palmer Mathews, wife of the late Judge Edwin Goodrich Mathews of East Oakland and grandmother of Roy Palmer Mathews of Fresno, passed away April 14 in East Oakland, aged 84 years. For many years Mrs. Mathews was president of the Ladies' Relief Society of Oakland and an active charity worker. She came to California with her husband, around Cape Horn, in 1852, and had been a resident of Oakland since 1860, when they made their home on a farm of 160 acres adjacent to Clinton, which now forms part of the City of Oakland and is now improved with beautiful hillside homes. The old Mathews home was half a century ago the scene of much of early California gaiety and hospitality and no woman in Oakland has left behind more sincere friends or the remembrance of a sweeter life.

POISON OAK IS DECLARED MENACE

Improvement Club Asks City Health Department to Wage War on Shrub.

Campaign against the dangerous poison oak which is about to become an epidemic among the school children and young people of the district, may be started by the city health department, in response to a petition from the Central Improvement Club of Alameda. The petition was presented to Commissioner of Public Health and Safety F. C. Turner this morning by C. E. Tinsley, 374 Persimmon street, and has been referred to Health Officer D. N. Paver. "Poison oak infection has not resulted in any fatalities," said Tinsley. "But the suffering has been excruciating. There has been almost an epidemic among the school children. The shrub grows all over vacant lots and on the edges of the sidewalks. Conditions are such that something should be done in the matter. I have known a family to be suffering from the poisoning at the same time, and I have known victims to be incapacitated for weeks at a time. The seriousness of the trouble is not really realized, excepting by the sufferers."

HYOMEI RELIEVES IN FIVE MINUTES

Help Comes Quickly When Hyomei Is Used for Catarrh

Quick relief comes from the Hyomei treatment for catarrh and all troubles of the breathing organs such as stopped-up head, sniffles or morning choking. Put a few drops of liquid Hyomei in the pocket inhaler that comes with every outfit, and before you have used the treatment five minutes you will notice the relief from your catarrhal troubles. It gives a tonic healing effect to the air you breathe, kills the catarrhal germs, stops the poisonous secretions, soothes the irritated mucous membrane and makes a marked improvement in the general health. Hyomei is not a cure-all; it has but one aim, the relief of catarrh and diseases of the breathing organs. When there is no catarrh, the general health is improved, for then nature has a chance to build up the entire system. If you suffer from offensive breath, raising of mucus, frequent sneezing, husky voice, discharge from the nose, droppings in the throat, loss of strength, spasmodic coughing and feeling of tightness across the upper part of the chest, or any other symptoms of catarrh, use Hyomei at once. It will destroy the disease germs in the nose, throat and lungs, and give a quick and permanent relief. Hyomei does not contain cocaine or any habit-forming drug. The complete outfit costs \$1.00, extra bottles if later needed 50 cents. Druggists everywhere.

KILLS 4 CHILDREN AND ENDS LIFE

Lines Them Up in Front of Bed; Eldest Gives Battle.

PITTSBURGH, Mass., April 15.—Ernest Moschner, aged 35, murdered his four children and then killed himself by shooting at his home on Rollstone street. Continued ill-health made the man temporarily insane, the police believe.

Moschner's wife, upon returning from work, discovered the bodies of her children and husband with bullet holes in their heads.

The murdered children were: Elsie, aged 12, Myrtle, 11; Norman, 8, and Ernest, 6.

According to the police the children were playing in the yard when their father called them upstairs to his bedroom. There, from the rear of the bed, he fired at the children as they lined the children up in front of the bed.

While the children, half-frightened, were gazing at him, Moschner drew a revolver and fired at his elder daughter, Elsie. The bullet entered the head near the left ear, causing instant death.

OTHERS FLEE.—The other children evidently broke from the room in panic. The youngest child, was found crumpled lifeless on the floor of a closet in the front room of the same floor.

Myrtle and Norman fled downstairs. There Myrtle sought vain refuge in a closet, but the madman's father's unerring aim brought her down just as she stumbled over the threshold.

From appearances, only one of the children had any chance for self-defense. Norman, the oldest boy, was found in the coal bin, his torn clothes and a blood-spattered club beside him giving mute evidence of a brave but futile struggle.

Moschner then retraced his steps, first covering up Norman's body with rags and boards, hiding at the closet on the first floor, he covered Myrtle's body. Then, entering his bedroom, he drew a sheet over Elsie's form as it lay on the bed, and, standing beside her, sent a bullet into his brain, causing instant death.

Two hours later, Mrs. Moschner came home. Missing the sounds of the children's voices, and noticing the overturned furniture, she rushed upstairs to her husband's room and found his body and Elsie's. She screamed in despair and when she recovered, ran shrieking out of the house to call her neighbors.

Brooding over his poor health, the police think, caused Moschner's mind to become unbalanced.

ANTI-SUFFRAGISTS START CAMPAIGN

Crusade Will be Greatest Demonstration Against Woman Suffrage.

WASHINGTON, April 15.—Anti-suffragists started today on what their leaders declared would be the greatest demonstration against woman suffrage that the country yet has seen. "Drawing-room meetings" will be numerous. Campaigning will be on the streets and will end with two public meetings, one on Friday night and the other the following evening. Women of national note in the crusade against enfranchisement for their sex will be among the speakers.

Mrs. A. J. George of Boston, organizing secretary of the Massachusetts association opposed to woman suffrage, and Mrs. Arthur M. Dodge, president of the national organization, have been named as the chief speakers.

Their program for the week includes a hearing before the senate women suffrage committee Saturday, arrangements having been completed for their reception. The suffragists will be heard on that day and will present their pleas after their opposing sisters have had their inning.

SARATOGA, N. Y., April 15.—In an address to the residents of Saratoga, the Right Rev. William Croswell Doane, bishop of Albany, announced yesterday that on the death of Mrs. Spencer Trask, widow of the New York banker, her beautiful 700-acre estate Yaddo will become a free home for writers, musicians and other devotees of the fine arts. The people of Saratoga will have access at all times to the grounds and the memorial room and the lectures and concerts which may be given there. The estate is valued at \$1,000,000.

Bishop Doane said the gift was being planned by Mr. and Mrs. Trask when Trask was killed in a railroad accident. Bishop Doane said the exact details of the scheme would not be made public for the present.

SUES DAUGHTER OF FALLIERES FOR DIVORCE

PARIS, April 15.—The intransigent states that divorce proceedings have been commenced by Jean Lanes against his wife, who is a daughter of former President Fallieres. The couple were married five years ago and have one child. The proceedings were postponed until the expiration of M. Fallieres' term as president.

Mme. Lanes' dowry was \$100,000 and her husband received a well paid job as departmental paymaster. The intransigent asks if it is customary to return the dowry under such circumstances and whether it involves a resignation of the husband's position.

MAY NAME SCHOOL AFTER FAMOUS VETERAN

Fruitvale School No. 2 to be
Called After Major E. A.
Sherman.

Federation of Mothers' Clubs
Urges Educators to Make
Change.

Major Edwin A. Sherman, pioneer and veteran of this city, may be honored by the board of education which on the request of the Oakland Federation of Mothers' Clubs is considering naming Fruitvale School No. 2 the "Sherman School." The suggestion was made in a resolution submitted and referred to the elementary schools committee. It was also suggested that one school be named Logan and one the McKinley school. The resolution of the club was as follows:

"Whereas, there is in this city one who is honored as a pioneer, and is more closely associated with California history than any other person living today—Major Edwin A. Sherman and whereas, Major Sherman has always been interested in educational work and the up-building of our schools, including patriotism and loyalty to our flag, therefore, be it resolved that the Federation of Mothers' Clubs requests that a school in our city be named the 'Sherman School' in loving memory of our noble citizen and friend Major E. A. Sherman."

Major Sherman is a veteran of the Mexican war, and the man who started the movement to build the Sloat Monument at Sausalito. He is one of the oldest citizens of the city.

GRANTED ASSEMBLY HALL.
George W. Frick, county superintendent of schools, was granted the use of the common school assembly hall, May 2, for a teachers' meeting.

C. Christensen was awarded a small plumbing contract for the Peninsula Heights school, the work to cost \$35.

The sketches for the addition to the Allendale school were submitted by Supervising Architect J. J. Donovan.

PRICE TOO HIGH.
"You asked for assembly room, basement and class room," said Donovan, "and have \$500 for the work. It is impossible to do the work for less than \$15,000."

The matter was referred to Business Manager A. C. Barker.

George E. Dickie offered on behalf of the playground commission to pay for one-half the cost of the new playground. The offer was accepted. The sum involved is about \$50.

The Alameda county fair committee schedule of school exhibits was received and referred to Superintendent of Schools McClintock.

DENIED SALARY.
Miss Katherine Conway, a teacher, applied for three days' salary during an absence enforced by the death of her grandmother. This was denied, the rule not providing for such a case.

Director Cook will move at the next meeting that the rule, which allows this in case of other members of the family, include the word "grandmother," according to a notice to be filed.

The "Campfire Girls" requested the use of the teachers' lunch room of Fruitvale school No. 2 for a luncheon next week.

NEW SCHOOL ACCEPTED.
The new school at 41st and Grove streets, completed by C. Christensen, was recommended for acceptance by business manager A. C. Barker. Barker also recommended the installation of sanitary drinking fountains in the Bay school, the work to cost about \$200.

"We are badly in need of these," declared Barker. "The fountains would cost over \$400 fully equipped, and \$200, using our old faucets, inverted."

"I would go slowly on this," said Superintendent McClintock. "These fountains are out of order half the time. I believe inverted faucets in the wash rooms do the work. You might use the regular fountains in halls, where an inverted faucet looks badly."

NEED DRINKING PLACE.
"At the Bay school there are few places for the pupils to drink," said Barker. "You should put in some kind of provision for this."

"Yes, you have not enough washing places there," said McClintock.

"The necessity of some arrangement is plain," said Barker. "I suggest that the matter be left to the business manager."

This action was taken. The Tenth avenue and East Twenty-fourth street, now complete, was accepted. A supervisor's certificate was ordered, that C. Christensen, the contractor, may be paid. This will be furnished by Business Manager Barker.

TO MOVE MONDAY.
The furniture of the school, now being held in the old California college, will be moved so that the new building will be in use Monday.

A janitor's room was ordered for the Fruitvale school, the cost to be \$40.

"Is this to be in the basement?" asked Boyle.

"Yes," said Orr.

"I object," said Boyle.

"The basement is no place for a man to live."

"The man asked that he be placed in the basement, that he might better hear intruders, should they appear," said Barker. This was so ordered.

OBJECT TO FEE.
The Twenty-third Avenue Socialist party objected to paying more than \$50 for a janitor's fee in the Fruitvale school. Secretary Hannaford was instructed that the party be notified that \$1 is the charge. The party officials stated that they had been charged \$2.50 by the janitor.

"That is too much," said Dr. Kelly, "and fifty cents is too little. I'll pay a janitor for his time. One dollar is the right charge."

Copies of the proposed schedule of charges for the different schools were ordered made, and the board will vote on this next Monday night.

Mrs. C. E. Wilson, of the Elmhurst School Mothers' Club, asked the use of the school and grounds for a fête to be held April 13. This was granted.

IMPROVEMENTS for the grounds of Fruitvale School No. 1 will be provided for in the next budget.

SHE LOST RUBBERS.
"This should be done at once," said Miss Brown. "It is very muddy. I lost both my rubbers once, getting into the schoolyard. A petition is now in circulation to improve the streets about the school."

W. C. DeCarle, of the Rockwood Improvement Club, said that a new ground be purchased at the new Alameda avenue school at a cost of \$25,000, or \$70 per foot for the lot. "You insisted on your own lot," said

Chairman Orr, "that the school be a playground, covering all the ground. You said 'Never mind the playgrounds, we will take care of that.' Now you want us to do it."

"I was not aware of this fact," said the club representative.

"Why not see the board of supervisors?" said Miss Brown. "It is up to them as they furnish the money."

The matter will be taken up by the grounds and building committee.

A list of all houses on school property yet unsold will be advertised for sale by auction at once, on the motion of Dr.

rector Forrest. They will be sold as soon as possible.

PINS CAUSE FIGHT.

The matter of purchasing class pins for the graduating classes of the grammar schools started a storm. These were to have been ordered from an Oakland firm, but, according to Director Forrest, as the sum total is over \$200, bids must be advertised.

"To get around this I want to order the pins by schools, a few at a time," said Director Boyle. "The young men to whom we promised the work pins, the pins, and we are morally bound to turn the work over to him."

"We will be evading the law," said said Geriguo, "were reliable, the difference being solely in the matter of rates."

This was referred to the finance committee for a report at the next meeting.

LAWRENCE REPORTED ALIVE BY MISTAKE

WASHINGTON, April 15.—A report to the State Department from Tampico today that the American, "Lawrence," shot by Mexicans at Tlaxcala was in a critical condition, led to an announcement that Albert H. Lawrence, the American manager of an oil company near Tampico, who was shot and killed April 1, was still alive.

Later, however, it developed that the report referred to James O. Lawrence, who was wounded in a fight with Mexicans at a dance.

The body of Albert H. Lawrence has been cremated in New York and sent to Nashville, Tenn., the widow's former home, where funeral services are to be conducted tomorrow.

NEW POLICY OF NAVY YARD PROVES VALUABLE

WASHINGTON, April 15. The efficacy of Paymaster General Cowles plan to sort navy yard scrap instead of selling it and saved for department use.

to junk dealers was demonstrated today when the commandant of the New York navy yard reported to the department that he would be able to fill a requisition for 300,000 pounds of copper from scrap conserved during the last three months.

Hitherto this scrap had been sold to dealers at low prices. When an order for 200,000 pounds of copper valued at about \$50,000, came in the other day navy department officials called upon the New York yard to know what proportion of the order it could fill.

Today when informed that the yard could furnish the entire amount and an additional 100,000 pounds from the scrap which, under the new policy, is saved

and saved for department use.

FRUITVALE WILL WELCOME DELEGATES TO CONVENTION

MISS JOSEPHINE BUCHER (TOP) AND MISS MABEL LYNCH, MEMBERS OF COMMITTEE RAISING FUNDS FOR FRUITVALE CONVENTION.

FRUITVALE, April 15.—A sum of \$450 has been reached in an endeavor being made by the St. Francis Benevolent Society and the St. Joseph's Sodality to raise \$1000 for the German Catholic convention which meets here in September. Hundreds of delegates from all parts of California will attend the convention and it is the intention of the Catholic community that no effort be spared to give the visitors a royal reception.

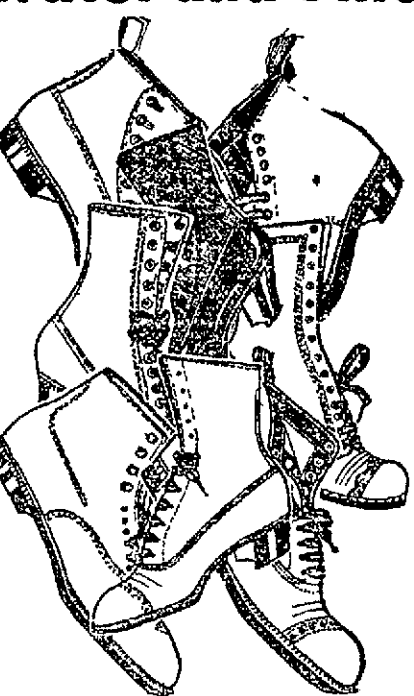

Members of the two organizations are combining to arrange entertainments and so far they have been successful in their object. A number of whist parties have already been held and another big whist tournament will come off Wednesday, April 23. Miss Josephine Bucher and Miss Mabel Lynch, two Fruitvale society women are keenly interested in the movement to raise funds and are leading members of the joint committee who are preparing for the convention.

Others who are giving their services in the interests of the convention are Mrs. George Clause, Mrs. Joseph Reichling, Frank Franz John, Stromberg, John Strothkamp, Leo Bucher and Philip Grose.

GIRL SLEW IN SELF DEFENSE, VERDICT

Japanese Not Suicide, But Killed by Annie Orsatti, Opinion.

That George Uchida, who murdered his white sweetheart, Annie Orsatti, was killed by the girl in defending herself with another gun was the finding of the jury which held an inquest into the two deaths this morning. The shooting occurred at 609 Market street last week, after a quarrel between the Japanese and the girl. The police incline to the theory that the Japanese committed suicide.

Frank E. Pierce, father of the dead girl, testified before the coroner's jury. He told of the girl's marriage of her later life and declared that there was a child, which he intends to find. "The father broke down and wept during the testimony. He declared that the baby is about 4 years old, and that when last heard of it was in a missionary home. This child, declared the father was born when the mother was but 14 years of age. "She was a girl of good education," said the father, "and there was nothing to compel her to follow the life she did."

The father declared that at the age of 13 she was involved in trouble with a young man in Baker City and that the child was born there a year later. "I tried to get her to come home," said the father. "I deemed it my duty to take care of her. I did not tolerate her doing, but I am not the only man who has a girl who has fallen by the wayside. I often wrote her to come home. I am trying my best to get possession of the child. It is all I have left now."

OAKLAND HORSES TO RUN IN SOUTH

H. E. Tichener Here to Purchase String for Tia Juana.

Negotiations are in progress for the purchase of a string of Oakland horses to be run on the race track now being planned for Tia Juana. H. E. Tichener, a racing man arrived in Oakland yesterday with the avowed object of buying a string to be taken south to be turned over to capitalists who are about to construct a modern Monte Carlo and a wide open racing course in the Mexican city.

Work on the racetrack and hotel will be started September 1, according to the present plans and the track will be ready for its initial racing season in January, 1914. The association is to be known as the Jockey Club of America. A great deal of foreign capital is said to have been enlisted with that connection by Americans. Inside sources say that \$5,000,000 will be expended on the gigantic sporting scheme.

GIRLS ARE EXPOSED TO CADETS' MACHINATIONS

CHICAGO April 15.—That the public-ity given to the testimony of girls before the Illinois Vice Commission exposed such witnesses to the machinations of cadets was the gist of a complaint sent today to Lieutenant Governor O'Hara, chairman of the commission. The letter was written by Mrs. Joseph T. Bowen, president of the Juvenile Protective Association. She suggested that the commission cease hearing such witnesses and consider cases already investigated by the juvenile court.

TEMPERS JUSTICE WITH RIGHT MERCY

Pathetic Straits of Two Offenders Causes Amelioration of Sentence.

Straightened circumstances which led C. A. Pierce and D. A. Fultz to commit burglary in order to obtain tools to carry on their trade as carpenters was the excuse the two men offered in extenuation of their plea of guilty in the Superior court, and upon recommendation of Probation Officer S. Bruce Wright this morning Superior Judge Donahue admitted the defendants to probation for a five-year term each.

Upon an investigation of the cases the probation officer found that both had actually been reduced to want in spite of the fact that both were willing and hard workers. Testimony given in court was to the effect that after having his income decreased to 50 cents per day Pierce had continued to work, while he and his wife lived in a hovel with scarcely enough to eat. In the case of Fultz it was shown that in spite of his labors he had run heavily into arrears for room rent and the two believed that if they could obtain tools of their own they could find more remunerative employment. As the parties from whom the tools were stolen offered work opportunity.

BENSON'S FORTUNE AT DEATH, \$431

Believed to Have Spent Almost Million in Defense.

SAN FRANCISCO April 15.—John A. Benson, convicted of defrauding the United States government in connection with a gigantic land swindle, was possessed of only \$431 at the time of his death in 1911, although six years ago he was rated a millionaire.

In Judge Graham's court today Public Administrator Hynes made his report declaring that the above named sum was all he could find. Benson was sentenced two years ago to a term in prison but was released when it developed that he was seriously ill, and he died shortly afterward.

It is believed that he spent his fortune in the expensive litigation in which he became involved covering a period of five years.

RACING STABLE
TO SELL STOCK

McKenzie Expects Imported Stock for This Year's Big Circuits.

PLEASANTON, April 15.—R. J. McKenzie, the celebrated millionaire horseman, returned here yesterday from the east where he has been studying conditions preparatory to the summer light harness season. The McKenzie colors will be seen this year on the big circuits and in all the big eastern racing classics.

McKenzie will auction off about forty light harness horses tomorrow in order to make room for imported stock which is on its way. Horsesmen from the bay region and even from Southern California will attend tomorrow's sale.

Such clever performers as Gracie Pointer, 2:07, One Better, 2:14; Nogi, 2:10 1/4; Kinney Sham, 2:13 1/4; Tela A, 2:10; Edithrahe, 2:10, and Perlo, 2:11, are to be included in the sale.

McKenzie also states that Ed Geers, the famous driver, has been engaged by him to pilot his horses this summer on the eastern circuits. Joe Patchen, a green trotter by the name of Zomblick and Ed Perry, who has a record of 2:15, are three of the horses that McKenzie will campaign this year in addition to his usual string.

HELD FOR TRYING
TO SHOOT WIFE

Simney, Who Fired Three Shots at Spouse, Has Preliminary Examination.

SAN LEANDRO, April 15.—Charged with firing three shots at his wife with a revolver, Nicholas Simney, a carpenter of San Leandro was yesterday turned over to the Superior Court by Judge D. U. Tottelmeier. Simney appeared for preliminary examination yesterday on the charge of assault with a deadly weapon with intent to commit murder. Attorney J. M. Dignan, appeared on Simney's behalf, while Assistant District Attorney Harris represented the people.

Simney, it is stated, fired three shots at his wife in their house in Juana avenue, none of which hit her. The serving of divorce papers on him, said to have caused Simney to attempt shooting.

ALTENHEIM PLANS
MAY DAY FESTIVAL

Music and Feasting to be Features of Coming Celebration.

FRUITVALE, April 15.—The German Alteneim of Fruitvale will celebrate May day, May 4, in true German spirit. There will be plenty to eat and drink and entertainment in the way of music and exercises.

Members of German communities from all parts of Alameda county have been invited to share in the good times, and it is intended to make the celebration a record in the way of May day festivities. This is the first celebration in the new home of the Alteneim, and there will be accommodation for all the guests.

Louis Hoesch, and Dr. Max Magnus have charge of the arrangements.

MASTERPIECES ADDED
TO PIEDMONT GALLERY

PIEDMONT, April 15.—Recently three masterpieces have been added to the vast collection at Piedmont Art Gallery. The titles of these masterpieces are as follows: "The Headwaters of the Sacramento," "The Old and New," and "The Glacier." The first two masterpieces were painted by Thomas Hill, the famous California artist, the latter by William Bradford, a New England artist of great repute, famous for his paintings of Arctic scenes.

Owing to the lack of room, several changes have been undertaken in order to create more space. "Keith," "The Californian Alps" and "My Wife's Lover" familiar to the patrons of the gallery, are among those which were moved.

"The Battle of San Juan Hill," by Vertichan, a Russian artist, which was loaned to Hotel Oakland a number of weeks ago, has been returned.

No-License War
Finds Women in
Foremost Ranks

MRS. S. M. M. WOODMAN.

SAN LEANDRO, April 15.—The first shot was fired last night in a no-license campaign in San Leandro which has been started by the Women's Christian Temperance Union. The town trustees are to be asked to call an election to decide the question of whether San Leandro should be a dry town. Petitions calling the attention of the citizens to the movement have been circulated throughout the town.

A mass meeting was held last night in the best theater Mrs. S. M. M. Woodman, president of the Women's Christian Temperance Union in San Leandro presided and urged the citizens to give their support to a no-license ordinance. Dr. A. C. Bane, president of the Anti-Saloon League of Northern California was the principal speaker. Leaders of the temperance movement here signified their intention of taking up the matter of a dry town with the town trustees and the civic organizations at once.

TWO BIG LODGE
EVENTS PLANNED

Home of Woodmen Camp to be Dedicated; State Convention at Hayward.

HAYWARD, April 15.—Plans are completed for the dedication of the new \$5000 home of Cypress Camp, Woodmen of the World, of Hayward, April 23. Consul Commander I. A. Beak of Denver will perform the dedication ceremony, and will be accompanied by other grand officers. The function promises to be one of the largest fraternal events held here.

Work on the new lodge building is almost completed, and will be formally accepted in a few days.

Preparations for the dedication and for the reception of the visitors are in the hands of the following: D. D. Armstrong, J. E. Welsh, J. W. Littlefield, G. W. Davis, P. Wilbert, C. Corwin, E. D. George, A. O. Plimant, R. V. Richardson and W. L. Halley.

Three weeks after the dedication of the new lodge, the State Convention of Woodmen will meet here, and the Cypress Lodge will be the scene of important discussions. At the convention delegates to the head camp will be elected. The Alameda county executive committee has appointed J. E. Welsh of Cypress Camp, chairman, and H. Lowenthal secretary of the forthcoming session.

During the convention the hundreds of visitors will have an opportunity of seeing the surrounding country, and they will be entertained with automobile tours to Castro Valley and other points of interest in and around Hayward.

Commercial Body of San Leandro Plans Membership Campaign.

SAN LEANDRO, April 15.—The Chamber of Commerce at its meeting last night decided to start a membership and increased revenue campaign, so that it will have more power in dealing with questions affecting the district. A committee has been appointed to make arrangements for the membership campaign, consisting of H. F. Jones, J. J. Gill, J. W. Dignan, W. J. Gannon and J. H. Bigler.

A communication was received from the Alameda county exposition committee asking the chamber to forward lantern slides showing the manufactures and products of the town and district, which will be displayed at a lecture. The California Development Board requested data about the progress and development of the town for purposes of advertising.

ESCAPES TWO HOLD-UPS
BY SAME TWO ROBBERS

SAN FRANCISCO, April 15.—Twice held up by the same robbers within two blocks, escaping both times with his purse safe and his body unharmed, Frank Rose had a remarkable experience early this morning. Rose lives at 2020 Howard street. He was passing the corner of Seventeenth and Broadway when a pair of thugs jumped out at him from a doorway and commanded him to stand and deliver. A party of young men and girls suddenly hove in sight and the footpads, frightened, ran. Rose proceeded on his way and reached Nineteenth street, only to be confronted once more by the thugs, who had run around the block and overtaken him. This time one of the pair had his hand in Rose's pocket when two special officers appeared a half-block off, making toward the scene. Rose cried out and the robbers fled.

Advise With Your Architect—
Consult Your Doctor

Ask your doctor why you need moisture in the air used to heat your home. Ask your architect how to get it. Take this advertisement with you to your doctor and to your architect; get their opinion on this important subject. Learn from these authorities that service, not price, is the important thing to consider when buying a heating plant. Learn from them the importance of having every room in the house heated to 70 degrees in the coldest weather with **clean, moist, normal** air.

Learn from them the practical application of the modern doctrine of efficiency as applied to residence heating. The farmer discards antiquated methods of tilling the soil, he throws away his back number farm implements, he buys new, modern equipment and makes his farm more profitable than it has ever been. The manufacturer rebuilds his factory, throws into the junk pile his old tools, buys new, modern tools that increase the efficiency of the men on his payroll, increase the daily output of every man working for him. The merchant adopts modern selling methods and increases the efficiency of his men and his dollars.

Heating Efficiency

The house owner can increase the efficiency of every pound of fuel that he buys for heating his home. He can install Campbell's Winter Chaser and have the modern type of efficient heating plant demanded by the physician and by the engineer.

The Family Doctor Knows

Your doctor will tell you that air carrying less than 40 per cent moisture Hygrometer test is unfit for human use in your home. He will tell you that many of the expensive residences in this city are really heated dry kilns, suitable for drying lumber, fish and clay products, but not fit for human occupancy. He will tell you that the desire for supposedly fashionable types of heating apparatus has caused many home owners to disregard the advice of their family physician and their architect and to install the same kind of plants that are used by the lumber manufacturers to dry the lumber from which furniture is made. These dry kiln homes are so efficient that the furniture dries and shrinks in the home after having gone through the tradesman's dry kiln. And the family dries with it. Lips crack. The throat becomes affected, the skin itches. Your doctor will tell you it's lack of humidity. He will also tell you that if every room in the house is heated to a uniform temperature every day, mild, or cold, still or windy, that the danger of taking cold while in the house is reduced to the minimum.

Ask your doctor as to the importance of warm floors in every room in the house at any hour of the day or night. Tell him you can buy the Winter Chaser with a legal, binding guarantee to heat every room in your home. That it will heat the floors—and do it by putting coal in the furnace but twice each day in cold weather. Show him our books—he is interested in modern methods. Forget price for a moment, think of comfort—of the health of your wife and children. In winter your house may be draughty—some of the rooms cold. Your wife sick and the children cold. The happy home all shot to pieces. All because of an inefficient heating plant. It may be your own fault—you tried to get a bargain. The cost of a real, first-class, guaranteed job, is but little more than the cheap one and a home owner cannot afford for the difference in first cost to put up with inefficient heating.

It's a Money Saver

The Winter Chaser burns less coal to heat the whole house perfectly all the time with clean, moist, normal air than the failures do to heat part of the house part of the time. Most of the Campbell furnaces save enough fuel during the first 3 years to make the investment a profitable one in dollars and cents, as well as in comfort and health. The only exceptions are jobs handled carelessly by the owner.

MURRAY & CO. 226 Webster Street
Phone Oakland 5241

It's Gas Tight

Made of steel, built like a boiler, gas can't get into the house through the air pipes. It's the science of Campbell engineering that gets the big results from these heating plants. It isn't the big jacket alone—nor the big fire pot. Neither is it the large installation, or the rotary air movement, or the water battery that puts moisture into the air. Each house presents its own heating problem. It takes an engineer to solve it. It's a man sized job to put clean, warm, normal air into every room in the house every hour in the day and night, and at the same time keep the fuel bill down to a reasonable figure.

Ask Your Architect

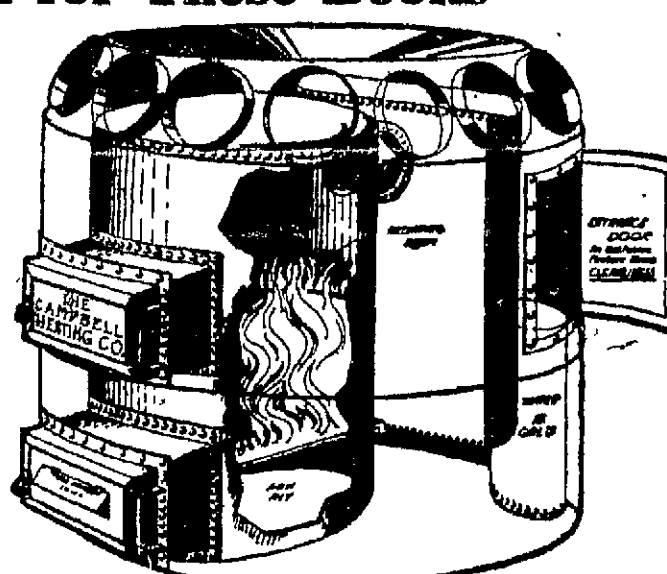

to tell you about this interesting problem. Take this advertisement to him, have him plan your heating job and superintend the installation of it; he won't charge much for the service, and you will have a warm house, heated with normal air by a Winter Chaser at a reasonable fuel cost and a reasonable price for the heating job. Tell him you want a guaranteed job, that you are willing to pay for a Surety Company bond for one year if the manufacturer will stand for it. Have him read the guaranty printed in this ad; ask him if it is a binding, legal obligation.

Guarantee

"It being guaranteed that said heating apparatus shall be constructed thoroughly in all respects, of good material, and made smoke and gas tight, and that said heater shall furnish a pure, moist air, and have a capacity to provide a temperature of 70 degrees for the building in coldest and windiest weather. THE HEATER IS FURTHER GUARANTEED FOR FIVE YEARS against all repairs except grates and smoke pipe."

Send for These Books

"Twice a Day" and "A Warm Story." Get them now and study your problem. We will help you. Have that inefficient plant you are now using replaced by the modern ventilating system. You owe it to yourself and to your family.

PROGRESS SLOW
ON TARIFF BILL

Caucus Is Less Than Half Way Through the Proposed Measure.

WASHINGTON, April 15.—Slow progress in consideration of the new tariff bill by the Democratic House caucus has upset the early prediction of administration leaders that the bill would be ready for the Senate by May 1.

After a week of deliberation the caucus is less than half way through the proposed measure, with several of the important schedules yet to be disposed of, notably wool and cotton. The income tax also is certain to require considerable time in discussion, as members desire to have it thoroughly explained. Representative Cordell Hull of Tennessee, author of the income tax section, will have charge of it in the caucus. It probably will not be reached before the last of the week.

Today the caucus resumed consideration of the agriculture schedule, wheat being taken up first. Northwestern representatives opposed the free rating of flour, declaring it is inconsistent with a proposed duty of 10 cents a bushel on wheat. Citrus fruits also were the target for the opposition as well as the free listing of potatoes.

TEAM

LOS ANGELES, April 15.—The youth of the Castelar street school have opened a barber shop, where they are practicing the tonorial art.

The pupils of the school presented a weird, shorn appearance as the result of the industrious spirit of the youthful barbers, and even the teachers have been beseeched to become victims of the snipping shears.

When any one of the sixteen boys in the big room shows an indication of swelling more hair than is necessary the shears, a comb and a towel are brought out and the embryo barber starts to work, with the other members of the class watching eagerly.

In connection with the barbering class, instruction is given in boot-blackening. The boys make their shoe-boxes during class hours and then the older students who have learned the art in the school of experience around the Plaza, teach the younger boys how a shoe should be blacked.

KNIGHTS' BALL
TO BE GAY
AFFAIR

Grand Commandery Dance to be Held at Hotel Oakland.

Ivory Ballroom to be Scene of Brilliant Social Event of Conclave.

The most important social feature of the conclave of Knights Templar in Oakland this week will be the ball to be given at the Hotel Oakland Thursday evening, when Oakland Commandery No. 11 will be host to the Grand Commandery Knights and their ladies.

The ball will be one of the exclusive social affairs of the season, cards of admission being extended to Sir Knights only. The grand march will be the most picturesque feature of the evening. Only knights in full uniform will be given the privileges of the floor during the march, and the gold and silver regalia and the handsome capes of the California Commandery will add a note of rare brilliancy and beauty to the elaborate figures of the march. Each Sir Knight will wear his baldhead and chain with sweeping white plume, and the handsome evening gowns of the women guests will complete the resplendent scene.

A sixteen-piece orchestra will furnish the seductive strains which time the feet of the dancers. A light supper will be served in buffet style during the evening. If the crowd at the Hotel Oakland proves too large for comfort in the ivory ballroom, arrangements have been made to open Maple hall as an auxiliary dancing room.

RECEPTION PLANNED.

A reception and concert will precede the ball, and the large reception room of the hotel will be thronged with Sir Knights and their ladies, paying their respects to the Grand Commander and other prominent Knights Templar. The concert will be furnished by the band of Golden West Commandery No. 43 of Los Angeles. The band is one of the crack musical organizations of Southern California, and the entire company will be present at the ball. The Los Angeles Commandery is sending nearly 225 members, who will arrive in San Francisco on the Harvard tomorrow and will reach Oakland at noon.

The floor committee which will be in charge of arrangements for the ball will be Sir Knight Mark Edward Gaines (chairman), Sir Knight Harry B. Carlton, Sir Knight W. R. Chamberlain, Sir Knight G. A. Cockerton, Sir Knight W. H. Chokick, Sir Knight W. E. Corder, Sir Knight R. E. Potter, Sir Knight C. C. Knight, Sir Knight Sterling F. Forrest, Sir Knight E. K. Taylor, Sir Knight George H. Whittier.

The reception committee will include Sir Knight W. L. McDonald (chairman), Sir Knight W. H. Hervey, Sir Knight and Mrs. Henry S. Anderson, Sir Knight and Mrs. John A. Britton, Sir Knight and Mrs. M. K. Foster, Sir Knight and Mrs. Robert B. Gaylord, Sir Knight and Mrs. E. O'Donnell, Sir Knight S. F. Hervey, Sir Knight and Mrs. H. H. Hall, Sir Knight and Mrs. Charles J. Heeseman, Sir Knight and Mrs. William H. High, Sir Knight and Mrs. Harry Grey Haydon, Sir Knight and Mrs. William S. Knight, Sir Knight and Mrs. E. E. Johnson, Sir Knight and Mrs. Charles M. McGregor, Sir Knight and Mrs. E. R. Martens, Sir Knight and Mrs. Constant Meese, Sir Knight and Mrs. H. U. Maxwell, Sir Knight and Mrs. Frank K. Wicks, Sir Knight and Mrs. David E. Perkins, Sir Knight and Mrs. J. Walter Scott, Sir Knight and Mrs. Fred E. Taylor, Sir Knight and Mrs. Fred C. Wright, Sir Knight and Mrs. Geo. C. Pardee.

RECOVERY OF
POPE IN OWN
HANDS

Physicians Declare the Church Head Must Follow Orders of Advisers.

Report Shows Patient to Be Without Fever; Temperature 97.

ROME, April 15.—The pope's condition appeared to be practically unchanged today. The morning bulletin issued by the pope's physicians, Ettore Marchiafava and Andrea Amici, was as follows:

"The holy father was again without fever this morning. His temperature is 97. The cough has diminished and expiration has become easy and copious. The pontiff's general condition has always been satisfactory. "MARCHIAFAVA "AMICI."

TAKES NORMAL COURSE.

Marchiafava gave out the following statement:

"The illness of the pope is now taking its normal course. The patient was much better during the forenoon after his night's rest. He had a slight setback late yesterday afternoon when his temperature rose slightly.

"It is possible to induce Pope Pius to follow the orders of his medical advisers, the amelioration in his condition will bring with it a revival of strength.

"In other words, the recovery of the pope is chiefly in his own hands. The pope is a more difficult patient to deal with. While apparently giving in to the recommendations of his physicians, the moment he feels slightly better he insists on having his own way, saying, 'I command here!'"

Thugs Throw Injured
Victim Into Bay

Southern Pacific Inspector Beaten, Robbed and Almost Drowned.

SAN FRANCISCO, April 15.—Thugs followed Oliver Rowell, inspector of engines for the Southern Pacific, to a dark spot in a harbor of Lombard street wharf early this morning, beat him almost into insensibility, robbed him of \$50 and threw him into the bay. His cries aroused a fireman on the boat No. 40, and he was rescued and taken to the harbor emergency hospital. Rowell says he attempted in vain to elude the pair of robbers, who tracked him after he had parted from a companion in North Beach and started to walk to the ferry building. He resides at 357 Grove street. Detectives have been detailed on the case, but Rowell is unable to give a good description of his assailants.

ST. JOSEPH'S SERVICES.

ALAMEDA, April 15.—Forty hours' devotion ended at St. Joseph's Catholic church of this city with solemn high mass at 6 o'clock this morning. The annual service opened Sunday with a procession of the Blessed Sacrament about the church, and the altar received the sacrament this morning.

Actor and Animal "Mix It" in Cage With Disastrous Results.

KANSAS CITY, Mo., April 15.—Cleveland, an actor who has been doing the skin of a lion in a sketch founded on the "Beauty and the Beast" tale, narrowly escaped death last night at Kansas City, Kansas.

Brown in his animal make-up, replaced on the stage a real lion that is shown. The change is made by a trick shift in the scenery, by a helper at a signal. The helper pulled a lever too soon and Brown was tumbled to the stage with the lion.

The real lion seized the intruder. Out of the skin backwards to safety went Brown, but not until he was severely injured by the animal's claws. Brown was not able to assume his role for some time.

TIMELY FIRE ALARM

Fire alarm was given last night by Pronto, a nervous little dog, who had been left in the garage of R. Rorfeldt, 827 Marquette street. No damage was done excepting to the tire.

BERKELEY GOSSIP OF STUDENTS AND SOCIAL AND PERSONAL HAPPENINGS IN UNIVERSITY TOWN AND ALAMEDA

UNIVERSE SHAPED LIKE GRINDSTONE SAYS SAVANT

Dr. W. W. Campbell Sheds New Light on Astronomical Puzzles.

Head of Lick Observatory to Attend National Academy of Sciences.

UNIVERSITY OF CALIFORNIA, April 15.—Traveling at the rate of 188,000 miles a second, light needs something over eight minutes to cover the 93,000,000 miles, which is the mean distance between the earth and the sun, but according to Dr. W. W. Campbell, director of the Lick Observatory and lecturer of the University of California, there are in the Milky Way stars whose light requires 10,000 years to reach us.

"There are fainter stars," said Dr. Campbell this morning, in explaining his lecture of last night, "which are even further away. The universe undoubtedly extends farther than the distance of the 10,000 light-years. The estimated average distance between the stars is seven and one-half or eight light-years; that is, it requires this time for light to travel from one star to the other.

FIELD IS RICH. "All stars, all nebulae, are found to be moving in accordance with definite laws. Will the heavens ever be reduced to a system? Time alone will tell the final outcome. Through the accuracy of our instruments, we now know the proper motions of several thousands of the stars and are able to measure their motion toward or away from us, their distance and the extent to which their apparent motion is affected by the position of the observer on the earth. In the past twenty-five years, astronomers have determined the motions toward or from our solar system of 1500 stars. "The field of discovery has proved to be of superlative richness.

"Our solar system is moving through space at the rate of twelve miles a second over a million miles a day. The recently astronomers and no knowledge of the speed of the motion of the solar system. In a year the distance traveled is four times the earth's mean or average distance from the sun.

Whether the solar system will complete a circuit and return again to its present position relative to the other parts of the universe, Dr. Campbell could not say, but he stated that the chances are the path followed will be "a succession of unrelated curves, covering a straight line."

COUNTERBALANCE GRAVITATION. The theory advanced by Dr. Campbell to account for the difference in velocity between old and new stars was that there is a force known as "radiation pressure," the pressure exerted upon a body by the heat and light waves which strike it.

"This pressure may have an appreciable effect on cosmic motions. Perhaps before a body condenses into a star, highly attenuated, the radiation may counterbalance the pull of gravitation and prevent a speed from being acquired."

"This, according to Dr. Campbell, may be the explanation of the observed variations in the orbit of the planet Mercury, spoken of last week by Dr. Campbell's colleague, Dr. Aiken, of the Lick Observatory, as not accounted for by small bodies lying between Mercury and the sun.

GREAT ADVANCES EXPECTED. It is expected, according to Dr. Campbell, that the outputs of astronomical knowledge will be greatly advanced in the near future by co-operation among the twelve observatories devoted to this one side of the science. New reflector telescopes under construction are being turned to sharpen an eager appetite for further discoveries in what has proved to be an exceedingly fruitful field.

Dr. Campbell left this morning for Washington, D. C., where he will be in attendance upon the National Academy of Sciences, which will hold its fiftieth anniversary celebration on April 30.

Membership of the academy is little more than a hundred and includes only a few men in each of the several departments of natural science.

INDIANA SENDS WORD OF THANKS

Finds Root of California Generosity in Her Own Disaster.

BERKELEY, April 15.—Mayor J. Stitt Wilson is in receipt of a letter from Governor Samuel M. Hays of Indiana, thanking this city for its donations to the Indiana flood relief fund. In all this city has sent over \$4000 to Ohio and Indiana. Governor Hays' letter is as follows: "I have just received at the hands of the Continental National Bank of this city your handsome contribution of \$300 to the flood relief fund of Indiana.

"The people of California have been very generous in their donations to the stricken flood victims. Your own great disaster has doubtless had its share of influence in quickening your sympathies toward all others in distress, and let us hope that the present severe affliction will broaden and deepen this same sentiment in our own hearts toward all mankind. It is quite true that you and your people are bringing out the best traits of mankind, and they certainly tend to reveal a better nature."

UNIVERSITY OF CALIFORNIA, April 15.—"The Awakening of Everyman" was played in Strawberry Canyon this afternoon by the women of the university, the masque depicting the budding of womanhood out of girlhood. An audience of 3000, watched from the slope of the glade.

Miss Clothilde Grunsky, chosen for the task by the author of the masque, Miss Evelyn Steel, recited the prologue, the only spoken portion of the masque. Miss Elizabeth Ferrier took the part of Everyman, Miss Elizabeth Anthony was Desire of the World and Miss Hertha Todd the Madonna.

When Spring had ceased her explanation of the masque, a group of maidens danced down through the glade, followed by the dream spirits in soft gowns of delicate lavender, silvers and blues, with them Shadow of a Dream (Miss Claudia Mace), and Everyman, who were left dancing slowly when they had gone.

EPISODES PORTRAYED. Then began a series of episodes, pictured in dances and pantomimes, which told the ambitions and the hopes, the temptations and the dreams, that Everyman faced at the dawn of womanhood. Wine of Life (Miss Helen Hannon) moved in the midst of a band of maidens toward roses and poppies. Alma Mater (Miss Harriet Parsons), Art (Miss Helen Waterman), Poetry (Miss Helen Cornelius) and Modesty (Miss Mabel Mather) each in turn gave her promise of future achievement.

Romance followed and a figure bearing aloft the Holy Grail (Miss Ramona Reed) beckoned, in her train the knights of King Arthur's Round Table who had sought the Grail. Followed a band of calm women in gray representing Service and after them a group of merry dream children, who hurried away when Everyman appeared.

blue and in her eyes "the light that shines from the eyes of every mother since the world began." Among the trees the Madonna (Miss Hertha Todd) stood, and when the masque began, Everyman took three steps after her, but there were yet tasks to be completed before she could achieve the Madonna's place.

Came then Sacrifice, Hope, Deep Joy, Blessedness and Love to teach her the accomplishment of these tasks. Finally Everyman threw out her arms in complete understanding, the Madonna motif sounded again in the orchestra, the Madonna appeared above the glade upon a bridge of shimmering white. With a rapid look in her eyes, Everyman went the way, disappearing from view with the Madonna.

REV. BRUSH WILL REMAIN AS PASTOR

ALAMEDA, April 15.—Rev. F. S. Brush, pastor of the First Presbyterian Church of this city, will retain his position for another year, according to an agreement made at a meeting of the trustees and church body yesterday. The new term will not commence until May 1. The announcement was made that the pastor was contented to remain for another year on unanimous request of his congregation.

Some time ago Rev. Brush announced that he had decided to present his resignation, but did not officially do so. His friends immediately began urging him to reconsider his request, and the proposition was not taken before a recent church meeting. At that time the pastor announced that if the sentiment was unanimous in favor of his remaining, he would take the matter under consideration. At the meeting yesterday a vote was taken, and it was the sense that he be asked to remain another year. Rev. Brush will in all probability take an extended vacation.

OLD CITY COUNCIL TO HOLD LAST MEETING

ALAMEDA, April 15.—The old city council will hold its final meeting tonight, after which the new councilmen will assume office. The next regular council meeting will be on May 2. Undoubtedly numerous semi-official committee gatherings and conferences will be held during the balance of April to complete the plan of council reorganization.

SLINGSBY HEIR CASE HAS LENGTHY ARGUMENT

SAN FRANCISCO, April 15.—Attorney E. G. Hays, former superior judge of Shasta county, argued at length today in behalf of Dr. W. W. Frazer, accused of altering a public record in connection of the alleged substitution of a babe for the lawful heir of Lieutenant Slingsby. Hays contended that while there might be something irregular about the certificate it was not fraudulent and it was the certificate of the birth of a child, whether the Slingsby babe or some other. He contended that it was not a public document and that his client had committed no crime. The arguments were made in connection with a demurrer to the indictment and Assistant District Attorney Ferrar argued for the prosecution. The court continued the case for one week to allow both sides to submit authority.

ALAMEDA ELECTION IS NON-PARTISAN VICTORY

NEW MAYOR HAS ALLIED COUNCIL

Election of Morris is Big Surprise; Administration Ticket Receives Blow.

ALAMEDA, April 15.—The election in Alameda is over but the talk has barely commenced. With a new council administration closely allied to a new mayor, and with the council having an efficient majority, the non-partisans will have everything their own way for the next two years. Perhaps the biggest surprise of the election was the remarkable showing of George T. Morris, the new councilman at large, who defeated Councilman John H. Walker by 54 votes. Morris had a three-cornered fight having Walker and Mrs. Eileen Allen pitted against him. He was picked generally as second or even third man in the race. His victory may well be regarded as the most striking outcome of the election.

The defeat of Councilman Walker and Frank W. Hally by Morris and Councilman George Stewart was the unexpected blow which overwhelmed the administration ticket. There is little doubt but that even the strongest boosters for the administration ticket figured that the best to be expected would be the winning of two councilmen. With Councilmen E. B. Bullock, E. J. Probat and William Hammond Jr., as holdovers for the administration side, this side would have had 5 out of the 9 councilmen. The non-partisans may be said to have 6 out of the 9 councilmen, as Assemblyman Alfred Morgenstern is an announced non-partisan supporter and Councilman Charles CAUCUS SCHEDULED.

A caucus will be held this week at which the new council president will probably be picked and the new city clerk agreed upon. There are other appointments and plans of procedure to be considered at an early date and the new administration will have a busy time for several weeks.

Two or three of the prophesied changes in appointive office will not be definitely settled immediately, as some of the appointments now on the anxious seat do not hold office directly from the council, or mayor but are under commissions and the personnel of these commissions will have to be changed materially before any changes in the appointive positions may be looked for. Presumably the different commissioners will be allowed to serve out their time and this will make indefinite the date of any changes to be made.

The carrying of the commission form of government proposition was an advisory ballot merely. An election of freeholders to frame a new charter and a later election to adopt the commission charter will be necessary. The commission government, in case the two later elections are favorable, cannot go into effect for two years at least.

CHARTER CHANGE. The health board proposal effects a charter change whereby four lay members and one physician may be appointed. At present four physicians and one layman are required, or five physicians.

The street railway wires proposal limits the construction of wire lines to streets on which the railway companies have track and pole lines. This will prevent the erection of crosstown feeder lines, etc.

The wires underground will cause all wires laid after September, 1912, to be buried.

SHERLOCK NABS STOLEN CYCLE

A. L. Bettys of Berkeley Lays a Claim to Reward Offered in Fresno.

BERKELEY, April 15.—Gumshoe work of the first order has probably netted for A. L. Bettys, 1925 Bancroft way, motorcycle dealer, a reward of \$25, which was recently offered by Constable George E. Machen of Fresno for the return of a stolen motorcycle. Meeting a man and woman with a machine in Northridge yesterday, Bettys proffered his services when the bicycle broke down. Seeing that the machine had been painted over and the license number scratched, Bettys persuaded the apparent owner to take the machine to his shop for repairs.

Here Bettys proceeded to scratch the paint of the number and refer this number to the police department. The police promptly notified him the machine was the one stolen in Fresno and sent a patrolman to his shop. The latter placed W. Chamberlain, who had been using the machine, and Mrs. May Chamberlain, his wife, under arrest.

Chamberlain denies having stolen the motorcycle. He declares he purchased it at Fresno from Robert Hayden of 1039 O street, and that he and his wife were on their way to Portland.

Every Home Needs This Fine Remedy

A Mild, Reliable Laxative- tonic
Is Something No Family
Should Be Without.

No well-regulated home should be without a laxative for there is scarcely a day in a family of several persons that someone doesn't complain of a headache, or sleeplessness, or show the first signs of a cold.

A laxative then become a necessity or what was a trifling congestion at the beginning may run into a serious cold or fever. No harsh remedy is needed, but simply a mild laxative- tonic that will make the liver active and stir up the bowels. People who have tried a great many things, and are themselves heads of families who have seen the little ills run to big ones, will tell you that there is nothing better than Dr. Caldwell's Syrup Pepsin, which you can obtain at any drug store for fifty cents or one dollar a bottle, the latter being the family size.

Among the great believers in Syrup Pepsin for constipation in old or young, and as a general household emergency remedy, is Mrs. J. W. Anderson, Oswatimie, Kans., who writes after using one sample bottle and two dollar bottles of Dr. Caldwell's Syrup Pepsin: "On the plea of the duty that every one owes to fellow sufferers, I appeal to all such who are bowed in spirit, broken in health and discouraged with life, not to give up until they have given Dr. Caldwell's Syrup Pepsin a fair trial." Syrup Pepsin is scientifically compounded and its purity is vouched for. Mothers give it to their babies, and

MRS. J. W. ANDERSON.

grown people, taking a little larger amount, find it equally effective. It is mild and gentle, pleasant-tasting and free from griping.

It does not hide behind a high sounding name and is absolutely free from any prohibited ingredient. Families who once use Syrup Pepsin for ever after avoid cathartics, salts, pills and other harsh medicines, for these only do temporary good, are nauseous and a shock to any delicate system. Such things should never be given to children.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed you.

BILL CREATES A NEW COMMISSION

Ordinance for Architectural
Body is Given First Reading
in Council.

An architectural commission, to be composed of an architectural engineer, an architect, and a builder, each a man of ten years practical experience, is to be created by an ordinance given its first reading before the city council this morning. The commission will be expected to thoroughly investigate the present building laws of the city and recommend amendments and changes, and will also act to pass upon various technical points occasionally submitted to Building Inspector Towle. Appropriation of \$800 is made by the ordinance to pay for the services of the architectural commission. Commissioner F. C. Turner introduced the ordinance. It was laid over to be considered by Commissioner W. J. Bacus.

The bill board ordinance proposed by the improvement clubs to put the bill boards out of business in Oakland, will go to the referendum of the people at the general election May 6. This was decided by the council this morning. It was proposed yesterday that the council should pass the measure before the election, that the power of amendment might be retained. This was to have been done if the proponents of the referendum measure were willing. Dr. J. F. King, representing the federated improvement clubs of North Oakland, and T. F. Isip, representing the Piedmont Improvement club, asked that the proposed drastic ordinance should go to the people. The council declined not to interfere.

AVIATOR TRIES TO ESCAPE OFFICER

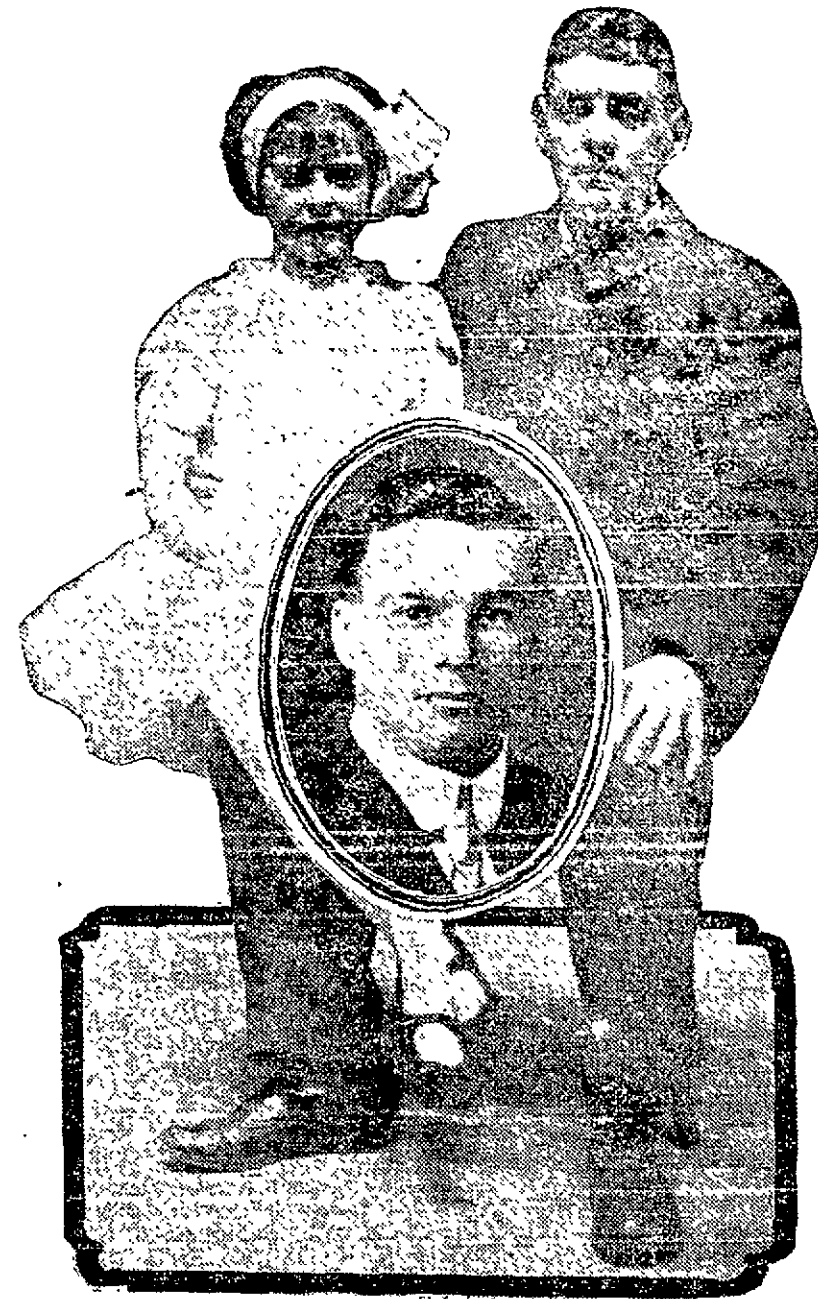

Attachment Server Almost
Eluded Through Flight in
Aeroplane.

For the first time perhaps in the annals of aviation the usual order of things was reversed when Deputy Sheriff John Reilly yesterday, after strenuous effort, succeeded in preventing an aeroplane belonging to H. W. Blakeley and T. J. McTarnahan from making a flight on the Alameda aviation field. Deputy Sheriff Reilly sought to serve an attachment brought by A. Oki of San Francisco, who leaved on the aeroplane in lieu of money owed him by the owners.

When the deputy approached the hangar Aviator Blakeley and his manager ran the machine out, cranked the engine and would have started on a flight to safety had it not been for Reilly, who grasped one of the struts and held it back as if it were a racehorse acting badly at the barrier. McTarnahan sought to interfere and Reilly was forced to subdue him before a settlement was finally made according to law. The attachment was later released, the claims of Oki having been satisfied.

Y. M. C. A. ATHLETIC CARNIVAL TO BE UNIQUE EXHIBITION

PATROLMAN HARRY BROWN, MISS RUTH STANLEY AND (INSET) G. F. MARTIN, WHO WILL TAKE PART IN CARNIVAL.

Daily practice has put the 200 members of the Y. M. C. A., who will take part in the big two days' athletic carnival to be held there on Monday and Tuesday evenings of next week, on the very edge of preparation. Seats are already at a premium and the yearly event promises to tax the gymnasium to its fullest capacity.

C. F. Martin, the physical director under whose direction the work is being carried on, was formerly at the head of the boy scout movement in Australia and has worked in England under General Baden Powell. The carnival will be a lasting testimony to his success in the boys' department as well as among the older members and the work accomplished by the Y. M. C. A.

The Oakland School Boys' band of 100 pieces is to furnish music on the first night and on the second night the brass band of the First Baptist church will hold forth.

PAJAMARINA RALLY. In the Pajamarina rally 250 candles are carried by the members in the darkened gymnasium. Fancy dances and drills are

presented and the effect is wonderful. Rope manipulations are given by 12 members in sailors' garb, every one of whom are expert in fancy jumping and skipping. A unique setting is the six men dressed as merry-makers who are posing plastic, balancing and comedy acrobatics in a roaring burlesque.

Fifteen boys of the business department do ladder equilibrations costumed in Japanese lights. They make some remarkable group pyramids and difficult positions.

The policemen have two good numbers in the program. One is that of Harry Brown, driver of the new police auto, who with little Miss Ruth Stanley gives a pleasing song and dance. Captain Book and a body of stalwart officers will give a baton drill that is demonstrative of refined club wielding.

EBELL CLUB HAS HONOR LUNCHEON

Marks Installation of Incoming
Directorate to
Office.

A brilliant affair taking place today was the installation luncheon of the Ebell Club, when over 150 gathered in the picturesque clubhouse on Harrison street to witness the induction into office of the newly-elected officers and directors. Many old members from out of town took this occasion to meet with their fellow clubwomen once more.

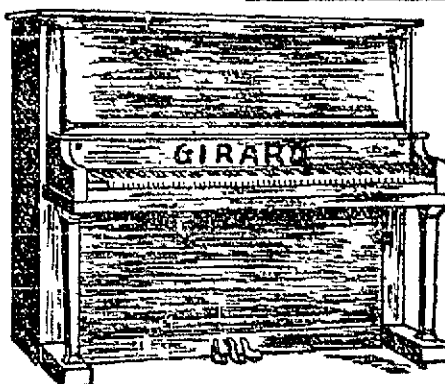

The old and incoming members of the board of directors and several members who have been prominently identified with the work of Ebell were seated at the round table. Those who were thus honored included: Mrs. M. de L. Hadley, the chairman of the nominating committee; Mrs. Harry F. Carlton of the luncheon committee; Mrs. George R. Williams, curator of the tourist section; Vere Hunter, accompanied by Mrs. Hunter, rendered a program of songs after the luncheon. Among the club women who aided in the receiving party were:

Mrs. F. C. Preble, Mrs. Fred E. Reed, Mrs. Walter D. Reed, Mrs. Edward Ramilland, Mrs. W. S. Ramey, Mrs. E. L. Ritson, Mrs. Charles T. Rodolph, Mrs. George Rodolph, Mrs. M. B. Rotherg, Mrs. Hubert N. HEASTY BILL CONSIDERED. LINCOLN, Neb., April 15.—The state house of representatives sustained the governor's veto of the Heasty bill providing for the sterilization of criminals and mental incompetents. Yesterday the senate repassed the bill over the veto, but the friends of the measure in the house were able to marshal only 25 votes to 55 against the measure.

WIFE'S PARENTS WERE HIS VICTIMS

Ralston Found Guilty of Obtaining
\$932 by False
Pretenses.

After 15 minutes' deliberation a jury in Superior Judge Donahue's court found Albert Ralston guilty on a charge of obtaining \$932 from his father and mother-in-law, Mr. and Mrs. Clarence L. Hobbs, by false pretenses. The verdict was rendered at noon today, following a trial which commenced yesterday morning.

Ralston will appear for sentence Friday morning. As he has a prior conviction standing against him, the maximum sentence of 10 years will be imposed under the law. Deputy District Attorney A. A. Rogers appeared for the prosecution. Mrs. Dora Ralston, daughter of her husband's victims, was called as a witness by the prosecution, but the defendant refused to allow her to testify, taking advantage of the statutes covering relations of man and wife. She was later placed on the stand by the defense, but gave no testimony favorable to her husband. It is understood that she intends to apply for a divorce as she announced at the time of Ralston's arrest February 13, that she would have nothing more to do with Ralston.

Ralston served a term in San Quentin on a forgery charge. Shortly after his release he came to Oakland and obtained employment with the Thayer Estate company as agent for the Thayer building, Fourteenth and Jefferson street. He dipped into the company's funds and later induced his wife's parents to give him money to square the account, representing that he had obtained judgment against his employers for alleged false arrest. The investigation conducted by the police uncovered a number of other fraudulent transactions made by Ralston during the time he acted as agent for the office building.

FRIEDMANN PRESS AGENT IS SCORED

BERKELEY, April 15.—Dr. F. F. Friedmann of Berlin, discoverer of the new tuberculosis serum, came in for a scolding last night at a meeting of the Berkeley Dispensary Association at the hands of Dr. Robert Peers, a member of the authority of Colfax, Cal. Dr. Peers criticized Friedmann for his methods of securing publicity, and declared that the German papers were right now laughing at what they considered the "gullibility of Americans in swallowing Friedmann's advertising."

GETS \$50 JUDGMENT. Judgment in the sum of \$50 was given by Superior Judge Wells today in favor of Maria Bettencourt of San Leandro against Joe Andrade for defamation of character. Mrs. Bettencourt asked for \$5000 damages in her complaint, which recited that Andrade had circulated defamatory statements about her among her neighbors.

OIL TRUST EXISTS, IS CHARGE OF TEXANS

State Sues Standard Corporation to Recover Nearly \$100,000,000.

John D. Archbold, Rockefeller and Other Magnates Are Served.

NEW YORK, April 15.—With the serving of a subpoena on John D. Archbold late yesterday it was learned that the state of Texas has begun a suit against Standard Oil interests to recover approximately \$100,000,000 for alleged violation of the anti-trust statutes of that state.

The substance of the allegations of the attorney general of Texas is that the Standard Oil companies of New York, New Jersey, Kentucky, Ohio and Indiana practically are under one control. In short, it is set forth that the "Standard Oil trust" still exists and operates the Magnolia Petroleum Company as its Texas branch.

Archbold, who is president of the Standard Oil Company of New Jersey, was served by Richard G. Maury, criminal district attorney of Houston, Texas. With a special commission from the attorney general of his state to reach non-resident defendants in the suit, Maury has been here a week.

ROCKEFELLER SERVED.
It was learned last night that he served John D. Rockefeller on the Lakewood golf links and H. C. Folger Jr., president of the Standard Oil Company of New York; Samuel G. Bayne, president of the Seaboard National Bank; Howard Bayne, vice-president of the Columbia-Rockefeller Trust Company; Charles W. Markness and Lewis Cass Ledyard.

The suit is declared to be the outcome of disclosures made at the hearings on the Waters-Pierce Oil Company litigation in this city a few months ago. The action is not for damages, but for penalties for alleged infringement of Texas laws.

Rockefeller, it was learned, made no effort to avoid the Houston attorney. The latter called at the Standard Oil offices in Broadway and it was arranged that he should go to Lakewood. There he found Rockefeller's private conveyance waiting to take him to the links. There Rockefeller greeted the Texas lawyer affably, asking: "Aren't you afraid of being devoured?"

Maury said he was without fear. The two men chatted for a time and the attorney then was taken back to the railroad station in the Rockefeller automobile.

\$75,000,000 IS PENALTY.

AUSTIN, Tex., April 15.—Suits against the Standard Oil Company of New York, the Standard Oil Company of New Jersey, the Magnolia Petroleum Company of Texas and the Standard Oil Company of Indiana, and twenty-five officers of the company, were filed by the state of Texas at Greenville, Texas, March 5. In all \$75,000,000 in penalties was asked besides the ousting of the two Texas companies from the state. The petition John D. Rockefeller and others have conspired since 1870 to control the refining, transporting and sale of crude oil in Texas and other states and that in Texas various companies have been formed for that purpose, culminating in the organization of the Magnolia Petroleum Company and the Standard Oil Company of Texas.

The filing of this suit came on the heels of the dismissal of federal indictments charging anti-trust violations against the two Standard Oil companies named and several of the individual defendants to the state suit.

Arrest Farmer for Jail Delivery Plot

ABBEVILLE, Ga., April 15.—After an exchange of shots with the sheriff's posse yesterday, Enoch McElmore, one of the seven Wilcox county farmers wanted in connection with an alleged plot to free three prisoners from the Wilcox county jail, surrendered to Sheriff Gibbs. The other fugitives fled further into the swamps, where they had been surrounded since Sunday.

According to the authorities McElmore is the leader of the so-called "imp" in an alleged conspiracy to free James Coleman, W. A. Coleman, W. H. Stevens, under arrest at Rochelle, Ga., charged with the murder of Leon Melvin a week ago.

Cheaper than butter Better than lard

Cottolene is better than butter or lard for frying because it can be heated about 100 degrees higher without burning or smoking. This extreme heat instantly cooks the outer surface, and forms a crust which prevents the absorption of fat.

Fry fish with Cottolene and it will never be greasy, but crisp and appetizing enough to make your mouth water.

Cottolene is more economical than lard; costs no more, and goes one-third farther than either butter or lard. You are not practicing economy if you are not using Cottolene in your kitchen.

Cottolene is never sold in bulk—always in air-tight tins, which protect it from dirt, heat and odor. It is always uniform and dependable.

SHOULD WE WORRY?**

Our very fastest bluffer
Has secured a broken finger.
And our catcher is no party
To the game.

For his finger, too, is busted;
You can guess that we are flustered,
But we carry home the bacon
Just the same.

They seem to think it funny
That we're even in the money.
And we're "lucky" when we
Ever win a game.

And, between myself and you,
Perhaps we're lucky, too.
But we carry home the bacon
Just the same.

They say the team is slowing,
And our pitchers all are going.
And the way the team is batting
Is a shame.

We should go and get excited,
Tear our hair and look aflighted.
When they carry home the bacon
Just the same.

(BY BILLY FITZ.)
ODAY marks the open season
For Seals. The Oak hunters
will be on the job at 3:15 on
the Berkeley preserve, pre-
pared to uphold their ancient
and honorable reputation
gained by many a conquest
over our amphibious neighbors.

Howard announced last night that
he would pitch "Pete" Delia today and
play the first bag himself. Jimmie John-
son will be made up a part in the bat-
ting order, otherwise there is no change.
Jack Killian, as announced in last
night's "green," unless Boss Mitze, at
the last moment should find that Tyler
Christian is warming up to better ap-
pearances than last year's star.

There's nothing like delay to whet
one's appetite. In Portland today the
largest crowd in the history of northern
baseball turned out to welcome Mc-
Credle's men in their first flight on the
home pasture. Ten bands helped to stir
the sinners. Harry Kexue will pitch
against the Angels and Dillon will prob-
ably use Chech or Ryan.

Wolverton's men may do better away
from home than at Sacramento. They
tackle the Venetians beginning today.
Hogan has purchased pitcher Kinlessa
from the Denver club of the Western
League and sold pitcher Harden to Vi-
ctoria of the Northwestern.

The addition of Cecil Ferguson, a
right-wheeler, to the ranks of the Ven-
etians should help straighten out the
lineup which was brought from Memphis.

Almost every club in the league has
one or two men out of the game, but
Oakland, Venice and San Francisco have
been particularly unfortunate. "Shuff-
ling Phil" Douglas, the Chicago first
baseman, has pitched two good games for
the Seals, is in bed with an attack of ma-
laria.

Corhan and McArdle of the Seals,
Moore of Los Angeles and Bayless of
Venice are all credited with their sacri-
fice hits and to the S. H. column.

The official arbiters have been switched
this week. The local job of Bush's angora
this week for the gentleman from St. Louis
will be here with Jack McCarthy. Held

BOSTON, April 15.—Hal Chase's
right arm was in such bad shape
today from an injury received in
batting practice yesterday that it
was decided to make an X-ray
examination to determine whether
a bone had been splintered. Train-
er Barrett said that Chase might
be out of the game for some time.
Chase was batting one of the New
York substitutes pitchers just before
the game began when a swift ball
caught him above the elbow.

and Newhouse have been sent north,
while Phyle and Finney will appear at
Los Angeles today. The northern
game this week as long as the season
at Sacramento last week we will have to
conclude that the criticism leveled at
Newhouse and Held by wolf fans was
justified.

Looks as though Maggart had lost none
of his speed by his trip to Philadelphia.
He has stolen nine bases since the be-
ginning of the season. The first four
of them on the theft of a base in Angels,
with a total loss of 28 bags.

Portland's classy pitching staff and her
slippery catcher, Remond, remain the
of a little run tagging along Broadway
by the side of a class A dame.

Dr. O. D. Hamlin made another ex-
amination of Mitze's broken finger yes-
terday and expressed a more hopeful
opinion. He said the break is not a bad
one and should permit the muskman to
get his name in the box score again in
four weeks.

The way the Oak pitchers have been
behaving lately, we almost forgot Harry
Ables. The big fellow is just crazy to
get into the game and help himself to
some of the glory. His hand will be out
of splints next week and he will then
pitch about nine or ten times. Hogan's
villainous Venetians will be in our midst.

Jack Killian, who was outkicked last
Thursday afternoon by "Big Bill" James
will open the jack-pot for the Oaks this
afternoon at Recreation Park. Del How-
ard will probably send Phineas Delia
against us. The series will demonstrate
with what brotherly affection the fans
of the two cities regard each other.

It was a wise move after all to sign
up "Bunny" Pearce.

The Portland fans who passed out that
rumor that "Bill" Lindsay was due to
be placed on the Northwest shelf in favor
of younger third-sacker have another
guess coming. Lindsay played last base-
ball the last two weeks and banged the
ball right on the nose.

Oakland fans feel sorry for "Big Bill"
James. McCredle's pitching gaffe, his
chief effectiveness lies in his speed, and
he can't use that because neither Berry
or Fisher can catch him.

Nick Williams believes that Martindale,
the former Oak, will win many games
for the Colts in the Northwestern League
this season. "Spec" has gained in health
and discarded his glasses.

South-paw Leonard, the former St.
Paul collegian, appears to be in the
regular berth with the Boston club
this year. In a preliminary game last
week with Harvard, Leonard allowed but
one hit and fanned six collegians.

We will probably have a chance this
week to see the shiny star in action.
"Daddy" Rohrer will probably lay off
for one day at least. Pearce is the only
bald head in the Coast league, and yet he
laid home on his head once and rubbed
all the hair off.

Wanted—A futurist to paint a portrait
of the Oaks winning the 1913 pennant.

Dr. Friedman may some day attain
the prominence of "Doc" Frost.

John Brackentree, one of the veteran
pitchers of the Venice baseball club of
the Pacific Coast League, has been re-
leased to the Stockton club of the new
California Class C League. He is in
San Francisco attending a meeting of
the officials of the new league in that
city today. At the close of the meeting
he will join the club.

SOCIAL WORKERS HOLD OVERFLOW

Members Hear Good Speakers at Club's Weekly Luncheon.

Two speakers from the Pacific Coast Immigration Congress, at present in session in San Francisco, proved interesting to an overflow gathering of over 100 members of the Social Workers' club of Alameda county at their weekly luncheon today on the Capwell road garden. Mrs. L. P. Crane acted as chairman.

Rev. Dana Bartlett of Los Angeles made the first address, which was in part as follows: "We must work to bring the immigrant up to our highest ideals and the only medium through which to accomplish this are the schools and social centers."

"Recreation must be as free as education. But we are not to think that we are not to learn from the foreigners who come to America with the highest ideals—it is from Europe that much of our spirit has sprung and will continue to spring."

Professor J. K. Hart of the University of Washington, at Seattle, pleaded with the Social Workers that they make it a part of their program to give the young and young women the same problems which he said, were of sufficient importance to the interests of the future democracy to inspire them with his spirit "it" and "is."

In accordance with a motion, the matter of the Social Workers' Club going on record in favor of the Immigration bill which is now before the legislature was referred to the executive. Final action will be taken next Tuesday. At this time W. A. Wana, Charles Gorman and John W. Phillips, members of the Immigration bill, addressed the workers on "Boosting and Social Service." Rev. Wm. Day Simonds will act as chairman.

SUFFRAGISTS BURN ANOTHER HOUSE

HASTINGS, Eng., April 15.—Militant suffragettes destroyed the house of a wealthy capitalist, Arthur Philip D. Cross, Unionist member of parliament for Hastings. The women not only set fire to the house, but placed explosives in many of the rooms. The residence had only recently been vacated.

The women adopted a method often used by burglars for entering a house. They first spread papers covered with gunpowder over the windows and then, after the sound, and then smashing the large panes of glass with hammers, the jam preventing the broken glass from falling.

The flames were noticed by a passerby and the fire brigade was summoned. The firemen had barely begun their work when a series of explosions occurred. One of the firemen was struck on the head by a piece of metal and seriously injured. A large quantity of suffrage literature was found in the vicinity.

CUT WIRES. BATH, Eng., April 15.—Militant suffragettes cut all the telegraph and telephone wires at the entrance to the bath tunnel on the Western railway road near here this morning. Great inconvenience was caused to the train service.

MRS. PANKHURST HAS RELAPSE. LONDON, April 15.—Mrs. Emmeline Pankhurst, who recently was released from Holloway prison after a serious condition. It is reported that she has had a relapse.

OFFICERS NOMINATED BY MOTHERS' FEDERATION. Nominations for officers occupied the Federation of Mothers' clubs this afternoon at Chabot hall, with the following results: President, L. C. Grassan; incumbent, vice-president, Mrs. E. J. Eachus; corresponding secretary, Mrs. L. Slater; treasurer, Mrs. E. J. Towbridge; and auditor, Mrs. F. W. Hopper. Nominations for delegating secretary were deferred to the next meeting.

Mrs. William T. Blackburn reported on the meeting of the California Congress of Mothers. It was stated that Mrs. H. N. Russell, the president of the Federation, would leave May 3 for Boston to attend the National Congress of Mothers. She will return in time for the state convention which is to be held in Berkeley, May 28th and 29th.

THOUGHT MURDERERS WERE SEEKING SON

ELKHURST, April 15.—Expressing a fear that murderers were after her son, T. J. Dancy, a laborer, 2305 Eighty-fourth avenue, was removed this afternoon to the receiving hospital where the condition of his mind will be examined. Officers Crandall stated that Dancy, before being taken to the hospital, had started out this morning to look for the boy with a Winchester rifle and a knife. When he found his son, he censured the boy for not hurrying home, saying that "he was dangerous to the state and that there was a quantity of dynamite placed in the street for his destruction."

WOOL MARKET. ST. LOUIS, April 15.—Wool steady; territory and western medium, 21.00; fine medium, 20.00; fine, 19.00.

LEGAL NOTICE. To Whom It May Concern: I will not be responsible for any debts or bills contracted by my wife, Grace Edwards, on or after this date.

WHEAT EVIDENCES MANIPULATION NOW

No Change of Importance is Embodied in News Affecting Conditions.

CHICAGO, April 15.—Speculative manipulation was evident in the wheat market today, no change of importance being embodied in the news affecting crop or statistical conditions. There was good commission house buying and some covering by shorts and prices advanced. Lower cables and continued fine weather brought about an easy opening with prices 1/4c lower at 10:00 a.m. and 1/2c lower at 10:30 a.m. The market was quiet and unimportant. The close was weak, with May at 89 1/2c, a net loss of 1/4c.

At the opening of the market some of the leading houses stiffened prices some. May opened 1/4c to 1/2c lower at 10:00 a.m. and 1/2c lower at 10:30 a.m. The market was quiet and unimportant. The close was weak, with May at 89 1/2c, a net loss of 1/4c.

DARK HORSE MAY ENTER A. R. RACE

WASHINGTON, April 15.—The morning session of the House of Representatives today was devoted to the consideration of the report of the Director-General, Mr. Scott, in favor of the proposed bill for the construction of a new line of railroad from the Pacific coast to the Atlantic coast. The bill was introduced by Mr. Scott and was referred to the committee on Commerce.

At the opening of the session, Mr. Scott made a statement in support of the bill. He said that the bill was of great importance to the country and that it would greatly benefit the people. He said that the bill would provide for the construction of a new line of railroad from the Pacific coast to the Atlantic coast, which would greatly benefit the people.

NEW YORK STOCK LIST

Decline in Securities Tends to Restrict Investment Demand.

NEW YORK, April 15.—The advance of American stocks in London went unheeded today in the New York market, where prices dropped throughout the morning trading. It was pointed out that the current decline in securities, especially high-grade bonds, tended to restrict the investment demand and predictions were made that a further readjustment of prices was necessary to conform to the basis established by the higher interest rate of new issues.

In this connection, special significance was attached to the fact that the new St. Paul 4 1/2s sold at 99 1/2c, a fraction under the subscription price in a market that showed new low records were made. Bear operators found little difficulty in dislodging long stock.

Selling was again limited by renewed weakness of investment stocks and prices reacted a half point or more. Pennsylvania, in common with known stocks, touched a new low level at 120 1/2.

The market closed heavy. Emboldened by their earlier successes, the bear traders sold stocks enthusiastically and prices dropped to the day's low. At the close, the market was 1/4c lower.

TRACE OF HEIRS TO FORTUNE IS SOUGHT

Wealthy Woman Refused to Divulge Whereabouts of Relatives

LOS ANGELES, April 15.—Efforts were made today to obtain some trace of relatives of Mrs. Agnes M. Kimball, aged 73, a wealthy and eccentric woman who died suddenly at a downtown hotel. Mrs. Kimball's first husband was Charles Pond of Chico, brother of a former mayor of San Francisco. Her second husband, G. S. Kimball, is known to be dead.

The aged woman was stricken some time ago with an illness which she knew could only terminate fatally. Yet she made no effort to communicate with relatives and discouraged any attempt to obtain any information as to who they were or where they lived.

Shortly before her death Mrs. Kimball purchased a large tract of land in the Hood River country of Oregon.

PRESENTS FOR HIS SWEETHEART OFTEN A PERPLEXING QUESTION

By LAURA JEAN LIBBEY
[Copyright, 1913, by Laura Jean Libbey.]

LAURA JEAN LIBBEY.

TO BE the engaged lover of a sweet young girl carries with it in any obligation, at least this is the natural supposition. Life must wait upon her continuously thus it means devoting his time to her, and in addition it is his pleasure to make his and her courting days worth while to her, taking her around, which costs money.

Then there are the gift days which loom up before him and which cause him many an anxious moment of consideration. Even the most prudent of men do not resist being thought stingy by the woman whom they love. Indeed they will make valuable efforts to reassure her, on the contrary, by taking notice of the gift days.

As it is his intention to marry the girl he wisely concludes a gift in the housekeeping line would be most appropriate. On Christmas day he presents her with a handsome rug, and follows up on New Year's with a little parlor set, a substantial little dining room table is his Easter offering with an appropriate set of engravings for her birthday, which follows close on the heels of it.

If there is no sign of the cup and the lip, that is to say, that the marriage takes place on schedule time, all is well that ends well. But if perchance the maid is fickle and some other fellow "cuts him out" and weds her on short notice, there is much for the old lover to think about.

A girl with the right kind of principle will return these useful presents immediately upon their agreement to disagree and to part. Lone case out of a thousand a young man may find a girl who refuses to do this. In such an instance it is rather hard lines, for the first lover, who realizes with considerable bitterness of heart that he has well nigh furnished the home for some luckier fellow.

The moral of all this is that a young man should study well the disposition of the girl to whom he makes such presents. Furnishing the nest beforehand has its risks. If a girl's heart is all right, inexpensive gifts on such occasions are quite as highly prized. The money intended for the rug, the parlor set, and the dining room table could be put safely in the bank, where it could be drawing interest until it should be needed. A young man of spirit could never consent to starting up housekeeping with some other fellow's presents. His pride would naturally command him to see that they were returned. It would be a while before a man with no qualms of conscience complacently accepting all that the gods would give him.

It must also be admitted that many a good young man never knows of the source from whence many of the things come with which the bride so helps furnish the home. It is always a source of much dissatisfaction if by chance he finds it out. This may occur when the goods are half worn out. Then it would be no insult to the other fellow to think of returning them in that condition.

He may be so burdened that his finances will barely meet his expenses and he has nothing left for cash payments to the donor. But he can never quite shake off his chagrin and sense of obligation to the other fellow for the comfort which he is enjoying and the other one paid for. He wishes that all other men had the sense and the foresight not to give girls these kinds of presents until they were wedded to them.

'CASCARETS' THE BEST LAXATIVE

Thoroughly Cleanses Your Liver and Bowels While You Sleep.

No odds how bad your liver, stomach, or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish intestines—you always get the desired results with Cascarets and quickly, too.

Don't let your stomach liver and bowels make you miserable. Take Cascarets tonight, put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress if you will take a Cascaret now and then. All druggists sell Cascarets. Don't forget the children—their little insides need a good, gentle cleansing, too.

OLD GOLD COINS ARE FOUND IN EXCAVATION

SAN JOSE, April 15.—While wrecking a score of old Spanish houses to make way for a public park, workmen employed by Attorney H. A. Hardinge of Los Gatos unearthed a package of gold coins minted in the sixties. The discovery was made in the same building in which Hardinge obtained the muzzle loading shotgun which belonged to Teodoro Vasquez, the outlaw, who was hanged here at the county jail in the seventies.

Heed the Cough that Hangs On.—The seeds of consumption may be in lurk and a cough that hangs on weakens your system, and lowers your vital resistance to disease. Take Foley's Honey and Tar Compound. It stops the cough, heals the inflamed membranes, and strengthens the lungs. D. D. Rountree, Stillmore, Ca., says "La grippe left me with a deep-seated hacking and painful cough from which I could get no relief until I took Foley's Honey and Tar Compound. It completely cured me." SHRINER'S BAND TO 'BOOST' RAISINS

Seedless Music, in Large Clusters, to Animate Raisin Day.

Aahmes Temple band of Oakland Shriners will celebrate Raisin day at its "great doings" in Alameda. Raisin bread, raisin cake and pie, all combined with "hair raisin" music, will be features of the house-warming to be held at the new home of O. Riehl, on Burbank street in the island city. Among the invited guests will be the illustrious Frank W. Bilger, the potentate of Aahmes, Captain Poulter and Lieutenants Westrich and Gifford and Adjutant Staubb of Aahmes Parlor, together with a number of representatives of the commandery and the Scottish Rite.

Bandmaster Piddwell has promised a new brand of seedless music, which will be hung in large clusters on the various telegraph poles, so as not to interfere with the electric currents. The camels and water carriers have been promised immunity from Chief Conrad.

HUSBAND SHOTS; THREE MAY DIE

Fires on Wife and Friend; Then Turns Gun on Himself.

HAMMOND, Ind., April 15.—Hugh Burns of Demotte, Ind., shot and fatally wounded his wife, Frank Parsons, a railroad employe, and himself at a railroad station at Schneider, Ind., last night. Mrs. Burns, who had just arrived from Demotte, was in the waiting room, purchasing a ticket from Chicago when her husband fired at her through a window. As she fell Burns fired through the window of an adjacent restaurant wounding Parsons and then shot himself in the stomach. It is thought the tragedy was the outcome of domestic troubles. All three are expected to die.

The Burns couple, who had been separated about three weeks, met at Demotte Saturday at which time Mrs. Burns informed her husband that she had instituted proceedings for divorce.

It is not known what relationship if any Parsons bore to the pair.

DRINK BEER AFTER ROBBING SALOON

Two Highwaymen Display Coolness in Holdup of Roadhouse.

SAN FRANCISCO, April 15.—With amazing coolness and without haste two highwaymen held up the saloon and roadhouse of Robert S. Lee, 1301 Ocean avenue, at an early hour this morning. The robbers ordered beer. Lee was alone at the time and as he turned to draw it the bandits slipped masks over their faces. When Lee had placed the beverages on the bar he found himself looking down the muzzle of a pistol held by one man while the other hurried around and rifled the cash register, taking \$25.

Then the highwaymen leaned nonchalantly against the bar, quaffed their beer and strolled out. They shouted a parting warning to Lee not to notify the police and it was some time later before the Ingleside station heard of the hold-up. Officers arrived long after the robbers escaped.

SAN BERNARDINO ELECTION WAS CLOSE

SAN BERNARDINO, April 15.—J. W. Catrick, a Democrat, who as an independent candidate had received the support of the Progressives and many Democrats, was elected mayor of San Bernardino today by the small plurality of 40 votes. William Guthrie was elected city attorney.

Catrick defeated both Mayor J. S. Bright, who, in his candidacy to succeed himself had the backing of the Democrats, the Republicans and the Prohibitionists, and I. W. Gurr, the Socialist nominee, who was a poor third in the mayoralty race.

Stormy sessions with the city council were predicted for Catrick as three councilmen were strong partisans of Bright.

PLYMOUTH CENTER TO HEAR MRS. KNOX SPEAK

A lecture is announced for Wednesday evening, eight o'clock, at Plymouth Center by Mrs. Jessie Juliet Knox on "The Home Life of Chinese Women."

Mrs. Knox is the author of "Little Almond Blossoms" and "In the House of the Tiger," two books dealing with the life of the Chinese women here on the Pacific coast. She will appear in Chinese costume. The public is cordially invited.

OLD CHARACTER DEAD.
SACRAMENTO, April 15.—Patrick Kelly is dead. For 20 years he worked at the Golden Eagle hotel and was known to legislators for more than a quarter of a century.

DON'T WISH TO GO TO CHURCH.

Dear Miss Libbey: We are four girls staying in the same house. We have company every Sunday night. It is our desire to go to church, but the boys do not want to do this, but they have always made them do it. They say that this is the only time they have to talk to us. Who is in the right? Don't you think that if they think very much of us they would be glad to comply with our wishes?

I think if they really cared for you they would be only too happy to comply with your wishes.

THEY WERE INTOXICATED.

Dear Miss Libbey: A few weeks ago the boys we keep company with took us to the show. They were both intoxicated, but we didn't know it until we got to the show. Between acts they would go out and get a drink. We asked them to take us home before the show was over, as it was a very poor show, but they refused. We finally got them to go home and told them we would never go with them again. They have now written to us and apologized and promised never to let it happen again if we would take them back. We love these young gentlemen very dearly and cannot live without them. Do you think we should marry them? They have threatened to let the fellows know if we do not marry them. We are very pretty and have several chances to marry, but think more of these two gentlemen than of the others. They have asked us on several occasions to accompany them to the wine rooms. Would it be proper to go? Please advise us whether to marry these young gentlemen or not.

STELLA and OLIVE
Stella and Olive, I am a bit disappointed to think you would hesitate to have anything to do with the fellows. Don't be alarmed about them killing themselves over you. They won't do it. It would be a good thing if there were fewer men of this type in the world.

ALMOST A YOUNG LADY.

Dear Miss Libbey: I am almost a young lady and am happy, yet un-

happy. When I was a mere child I fell in love with a boy near my own age. We were sweethearts until we were both grown. He seemed to love me very much, but he got into bad company and began to drink. I saw I couldn't prevent it, and I felt that the loved which I had given him was mine I could give him up. But it was the most trying event of my life. I felt that I would never spend another happy day for a year I was a nervous wreck. My father took a great interest in me and we traveled a great deal. But I saw what a mistake I'd made. I decided to go to my home town and do all the good I could. Now I'm devoting my whole life to the betterment of mankind. This makes me very happy to see the great work I can do. But there is a longing in my heart that can't be filled. Now do you think I'll ever outlive this? I have a young man friend that I go with a great deal. He seems to love me, but I don't care for him and don't think I ever will. Now am I doing wrong to go with him?

You were wise to give the fellow up. There is no more miserable life than a girl can map out for herself than one as the wife of a drunkard. If you don't care for this second fellow you are making a mistake in encouraging him. I am sure one of these days the right man will come along. You are young and have plenty of time to wait. Do not rush into a loveless marriage, whatever you do.

SHE IS A SUFFRAGIST.

Dear Miss Libbey: I am 35. I have never married because the only man that ever wished me to be his wife did not believe in woman suffrage, and I do. Now this man has asked me again, and I, not wishing to be an old maid would like to accept him. But I will not give up my belief in the cause. What shall I do?

DISTRACTED.
If you love the man, why not marry him and try to convert him to the suffrage cause? Many wives have been successful in this work. I am sure if you go about it in the right way you will be able to make the man see the injustice of his anti-suffrage attitude.

LOS ANGELES HAS VITAL ELECTION

Municipal Improvements Involving \$17,500,000 in Issue Today.

LOS ANGELES, April 15.—Whether this city shall market its electric current, generated by the recently completed \$23,000,000 Owens river aqueduct, is being decided today by the people who are voting on eight propositions to expend \$17,500,000 for further municipal improvements. The main issue here upon the proposition to issue \$6,000,000 of bonds to construct a distributing plant for a municipal electric light and power system.

MASTER MASONS NAME NEW SET OF OFFICERS

SAN FRANCISCO, April 15.—The Grand Council of California, Royal and Select Masters of the Masons, in fifty-third annual session, yesterday elected officers.

Butcher, Santa Barbara; grand treasurer, William W. Douglas, grand recorder, Wm. A. Davies, both of San Francisco; grand chaplain, James B. Merritt, Oakland; grand captain of the guard, Robert De Witt, Treka, grand conductor of the council, Harvey L. Marvin, San Francisco; grand steward, Samuel S. Burke, Los Angeles; grand orient, Samuel D. Mayer, grand sentinel, George W. Perkins, both of San Francisco.

FELL AND ROB SICK MAN BEFORE HOSPITAL

SAN FRANCISCO, April 15.—As he stepped from a taxicab in front of St. Joseph's hospital at 2 o'clock this morning Patrick Farley was beaten to the ground by two robbers and \$15 and a watch taken from him. Farley lives at 74 Third street. He felt ill about midnight and decided to go to the hospital. He was in a rather weakened state when the thug attacked him and he was unable to furnish a description of them.

NO MORE OUTBREAKS.

WASHINGTON, April 15.—General J. Franklin Bell, commanding the Philippine division, cabled the War Department yesterday that everything was quiet on the island of Jolo. He said there was no justification for alarming reports about Moro outbreaks.
